

## Lost Wax Casting Process Precision Casting Connector For Construction Machinery Parts

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Ningbo China
- Brand Name: NC61
- Certification: ISO9001
- Model Number: 61
- Minimum Order Quantity: 1 pcs
- Packaging Details: Wooden Case
- Delivery Time: 25 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs per month

### Product Specification

- Material: Carbon Steel, Alloy Steel
- Process: Lost Wax Casting
- Surface: Natural Color
- Application: Construction Machinery
- OEM: Available
- Machining: CNC Milling, Drilling, Lathe, And Boring
- Highlight: **investment and precision casting, lost wax casting**

## Product Description

### Lost Wax Casting Process Precision Casting Connector For Construction Machinery Parts

#### Description

We offer various of custom investment casting parts, such as lost wax casting metal parts to our customers.

Wide range of alloy material is also suitable for taking investment casting process. They include carbon steels, low alloy steels, stainless steels, tool steels and copper based alloys. Investment cast parts can range from a weight of just a few ounces to approximately 80 pounds.

Parts made of Lost wax casting have very good surface and quality, very less surface defects, precision casting dimensions.

The short coming is its high production costs, so caused high prices. Comparing their price per kg, the lost wax water glass investment casting is about 1.7 times of sand casting, and the lost wax silica sol casting is about 2.7 times of water glass castings.

Our investment castings have been used in many industries such as construction, agriculture, automotive, electronics, firearms, gas, hardware, high-tech.

#### Lost Wax Investment Casting Process

1. Making Metal Pattern
2. Making Wax Mold
3. Repairing Wax Mold
4. Burn Water Glass Shell
5. Melting Steel Materials
6. Pouring melted steel into molds
7. Cleaning and machining steel castings

#### Related Products

Undercarriage spare parts: Track shoe, Track Link, Bolt, Track roller, Carrier Roller, Sprocket, Front Idler, track link, track shoe, rubber track .....

Engine spare parts: Cylinder Head, Cylinder Block, Turbocharger, Piston, Piston Ring, Metal, Crankshaft, Oil Pump, Fuel injection Pump, Water Pump, Alternator, Starting Motor.

Hydraulic spare parts: Main Valve, Main Pump, Solenoid Valve, Boom / Arm / Bucket Cylinder, Final Drive, Travel Motor, Swing Machinery, Swing Motor, reducer series.

Operator's Cab spare parts: Controller, Engine Controller, Wiring Harness, Seat, Air Conditioner, Air Compressor.

#### Packing

1. Original packing.
2. Standard export wooden case.
3. Packing according to your requirement.
4. Orders will be shipped in 48 hours in stock.
