

## Concrete Scaffolding Accessories Tie Rod Water Stopper Formwork Accessories

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Ningbo China
- Brand Name: NC20
- Certification: ISO 9001
- Model Number: 20
- Minimum Order Quantity: 1 pcs
- Packaging Details: Wooden Case
- Delivery Time: 25 days
- Payment Terms: T/T, L/C
- Supply Ability: 100,000

### Product Specification

- Material: Ductile Casted Iron QT450-10
- Application: Fix Formwork Tie Rod
- Weight: 0.18KG
- Pull: 150-180kn
- Scaffolding Part Type: Formwork Accessories
- HS Code: 730840
- Color: Original Self Color, Silver, Golden
- Highlight: **scaffolding fittings, scaffolding parts**

## Product Description

### Concrete Scaffolding Accessories Tie Rod Water Stopper Formwork Accessories

#### Application

Water stoppers are used in water retaining structures. Cast into the concrete wall between two separate tie bars. After pouring, tie rods are removed, the water barrier remains in situ. Allow two reducers per water barrier. Our formwork water stopper has various size and shape, customized is also available.

#### Our Factory

Sunrise Foundry is a leading Ringlock scaffolding parts manufacturer and supplier in China.

We produce high quality formwork materials and has exported to many countries in long term cooperation for construction companies, contractors, engineering companies, shipping building companies, oil and gas companies of scaffolding and formwork products. Please feel free to contact us for more details.

#### Our Main Products

##### 1. System scaffolding:

Include: Kwikstage system scaffolding and accessories; Ringlock system scaffolding and accessories; Cuplock system scaffolding and accessories; Haki system scaffolding and accessories.

##### 2. Couplers / Clamps:

We can manufacture all kinds of drop forged or pressed couplers, include: British type couplers, Italian type couplers, German type couplers, American type couplers, and many other kinds of couplers as per your drawings.

##### 3. Frames

Mainly include: Ladder type frames and walk through (door type) frames, we can also manufacture as per your drawings.

##### 4. Shoring Props

Quality shoring props of different specifications can be manufactured in our factory.

##### 5. Planks / Toe Board:

Both aluminum and steel planks can be manufactured in our factory.

##### 6. Others

We can also manufacture casting parts, fences, ladders, steel trays / stillages and other related products that are needed in the erection of scaffolding.

#### Product Details

types	Water Stopper	Cone Nut
Pics		
Material	Ductile Casted iron QT450-10	Ductile Casted iron QT450-10
Matched Tie Rod	10/12mm, 15/17mm ,20/22mm tie rods	
Weight(kg)	0.18/0.45/0.47/0.52/0.54 etc.	0.33/0.58
Finish	Natural, Electric galvanized,HDG (Galvanizing in order to increase corrosion resistance)	
Color	Natural Color or Silver,Golden	
Material	Ductile iron	
Tensile Strength(KN)	160	90

#### **Our Advantages**

1. Handling the export of building material manufacturing.
2. High quality and Competitive service.
3. Low MOQ for small business owners.

#### **Quality Control**

1. Incoming material inspection.
2. Inspection of in the process of production.
3. Finished product 100% inspection.

#### **FAQ**

Q: What is the main business of your company at present?

have over 25 years of experience in the production of scaffolding and cast iron parts. Our main products: the scaffold system fitting, formwork system products, scaffolding casters, industrial casters, little pipe for detonator and common hardware products.

Q: What is the quality of your products?

1. Our company strictly follows the stipulations set by ISO19001 standard.
2. Our company has one whole set of quality inspection system starting from the entrance of raw materials and dispatch of finished materials.

Q: May I customize the products?

Of course, we have a strong team of engineer and great back up of tooling. If you need to customize the product, please contact us, we will help you to communicate our tooling technical department.
