

Scaffolding Clamps And Fittings Swivel Clamp Scaffolding Pipe Connection Coupler

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Ningbo China
- Brand Name: NC10
- Certification: ISO 9001
- Model Number: 10
- Minimum Order Quantity: 1 pcs
- Packaging Details: According to customers' requirements
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs per month

Product Specification

- Scaffolding Part Type: Scaffolding Couplers
- Construction Properties: Building Scaffold
- Function: Fixed Coupler
- Specification: EN74, BS1139
- HS Code: 73063090
- Highlight: scaffolding fittings, scaffolding parts

Product Description

Scaffolding Clamps And Fittings Swivel Clamp Scaffolding Pipe Connection Coupler

Description

We produce high quality Scaffolding Systems including Ringlock, Cuplock, Kwikstage and Frame scaffolding, steel pipes, steel props and formwork accessories. All Scaffolding Accessories are conformed to ISO9001:2015 Quality Management System and international scaffolding standard of BS1139, En74, EN39, EN10219, EN12811, En12810.

Our Scaffolding parts are mainly applied in Industrial Construction, Oil ,Gas, Chemicals, Power & Energy and Mining & Refining projects.

Application

Q235 steel sleeve coupler, cross fasteners---strongly fixed steel tubes.

Sleeve Couplers---Color zinc-plated and Cold dip galvanized clamps, pressed couplers instead of job forged clamp fittings.

Scaffolding couplers and pipes widely used in construction building.

Widely suited for Used for 42mm, 48.3mm, 50mm, 60mm, 73mm, 89mm diameter steel tubes and pipes.

Product Features

1. This kind of scaffold coupler is Pressed which can assure a good shape and precision size.
2. Pressed scaffold coupler is made of Q235 steel which is a kind of high quality steel.
3. The surface of this scaffold coupler has a long life span.
4. This Pressed scaffold coupler has stationary angle to fix the steel tube scaffolding at right angle
5. We can provide different size and types of drop forged scaffold coupler and pressed scaffold couplers.

Product Details

Part Name	Scaffolding Clamps
Material	Q235
Dimensions	42.1-48.6 mm
Weight	330-630g / set
Surface	Hot-dip galvanization
Standard	EN74B, EN74BB
Note	OEM service is available
Package	in steel pallet, carton, plywood case, or as your request
Payment Terms	TT, L/C
Delivery Time	20-30 days

Our Advantages

1. **QUALITY IS OUR CULTURE.** We have our own factory in China and has more than 25 years of experience in designing and producing stamping parts, anchors, fasteners, couplers, screws etc.
2. Providing customized services, products can be produced according to customer's requirements and drawings.
3. Our major markets are Europe, the America, last three months the customer satisfaction rate is 98.2%
4. Products can deliver on time.

Our main products are divided into the following series

1. Form work accessories: Tie rod, wing nut, water stopper, hex nut, climbing cone, form work clamp, washer plate etc.
2. Plastic accessories: Plastic safety cap, chair space, plastic wheel, plastic pipe, B cone, D cone, etc
3. Scaffolding accessories: Base jack, U head, jack nut, thread rod, base plate etc.
4. Couplers: Forged and pressed, swivel coupler, forged coupler, girder coupler etc.
5. Steel pipe and fittings.
6. Customized Products.

FAQ
