

High Tensile Formwork Wing Nut Scaffolding Grey Iron Casting With Tie Rod

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Ningbo China
- Brand Name: NC15
- Certification: ISO 9001
- Model Number: 15
- Minimum Order Quantity: 1 pcs
- Packaging Details: Wooden Case
- Delivery Time: 25-30 days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 200,000 pcs per month

Product Specification

- Features: Good Bearing Capacity, Durable, Stable
- Name: Slope Super Plate With Tie Rod
- Material: Q235
- Surface: Natural Or Galvanized
- Custom Made: Available
- HS Code: 73084000
- Highlight: scaffolding parts, formwork accessories

Material: Cast Steel
Tie rod suited: 15 / 17mm
Base diameter: 130mm
Surface: As cast / or Zn plate / galvanizing
Features: High Tensile strength and durable.
Working Load: 90KN
Failing Load: no less than 190KN

Related Products

Formwork accessories, wing nut, tie-rod, plate, water stop, tripod, fork head, anchors, U-head, base jack. All these accessories are universally used.

Why Choose Us?

Experience: 25 years in scaffolding manufacturing.

Cooperation: more than 90 countries

Quality: Certified by SGS, BV, EN12810, Local Test Report.

Price: Moderate, Reasonable.

Service: Friendly and Responsible, no matter before or after cooperation.

Quality Control

1st. Raw Materials Inspection-Testing size & property of raw materials, like steel tubes, plates etc.

2nd. Equipments & Tools Inspection-Before mass production, produce small quantity to make sure the machines & tools & fixtures are good for mass production.

3rd. Production Processing Inspection-During producing, we need to do the inspection at random, to make sure all the things are right.

4th. Semi-finished Products Inspection-After producing, make inspection, to make sure the products are qualified and feasible to do the next proceed- surface treatment.

5th. Final inspection-Include testing of sizes, geometry, surface, mechanical property, assembly and packing & loading.
