

Construction Tools British Sleeve Clamp Scaffolding Pipe Clamp Sleeve Coupler

Our Product Introduction

Basic Information

- Place of Origin: Ningbo, China
- Brand Name: NC811
- Certification: ISO9001, CE, SGS
- Model Number: 811
- Minimum Order Quantity: 100 pcs
- Price: \$1-50
- Packaging Details: Wooden Case
- Delivery Time: 25-30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs per month

Product Specification

- Material: Q235
- Size: 48.3mm
- Weight: 1.00kg
- Surface: Zinc Plated
- Type: Scaffolding Parts
- Sample: Free
- Highlight: scaffolding fittings, formwork accessories

Product Description

Construction Tools British Sleeve Clamp Scaffolding Pipe Clamp Sleeve Coupler

Description

Fastener steel scaffolding is widely use in building construction, use the different coupler clamp to combine with diameter 48.30mm*3.6mm come into a scaffolding system.

Fastener steel scaffolding Advantages:

First, the bearing capacity is large. When the scaffolding geometry and construction meet the relevant requirements of the specification.

Scaffolding single tube column bearing capacity up to 35kN, fastener type steel scaffolding erection flexible. As the length of steel pipe is easy to adjust

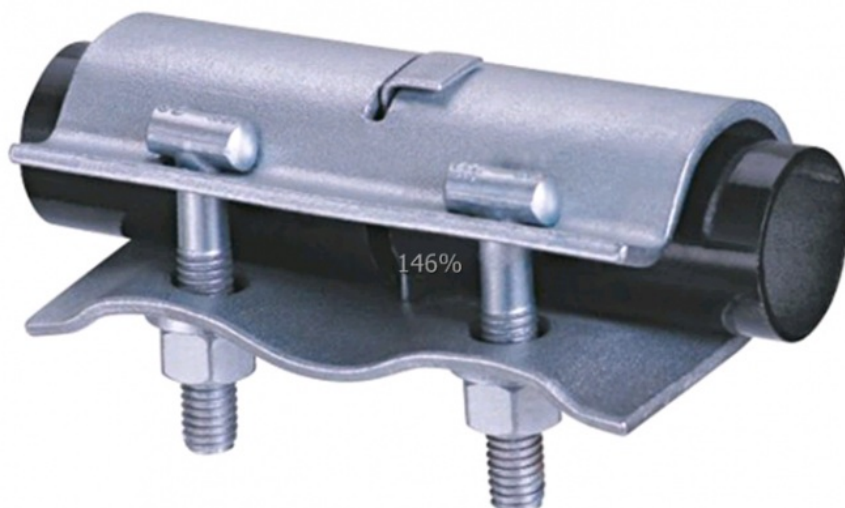

Second, easy assembly and disassembly. Fastener connection is easy, and can be adapted to a variety of flat, facade of buildings and structures with scaffolding. A lower investment cost; if carefully designed scaffold geometry.

Third, more economical. Processing is simple. Pay attention to improve the use of steel pipe turnover, the amount of data can also achieve better economic results. Fastener steel pipe frame equivalent to about 15 kg per square meter of construction steel.

Fastener steel pipe for the construction and erection of the load by the fasteners and steel and other components of the scaffolding and support frame, collectively known as scaffolding. Fasteners are snap fastened fasteners.

Specification

Item Name	Size	T Bolt	Surface Treatment	Unit Weight (kg/pc)
Scaffolding Sleeve Coupler	48.3mm	T Bolt: 1/2"x76mm Nut: AF 21mm Tab washer	Zinc Plated	1.0 kg

Main Business:

1. System scaffolding:

Include: Kwikstage system scaffolding and accessories; Ringlock system scaffolding and accessories; Cuplock system scaffolding and accessories; Haki system scaffolding and accessories.

2. Couplers/Clamps:

We can manufacture all kinds of drop forged or pressed couplers, include: British type couplers, Italian type couplers, German type couplers, American type couplers, and many other kinds of couplers as per your drawings.

3. Frames

Mainly include: Mason (Ladder type) frames and walk through (door type) frames, we can also manufacture as per your drawings.

4. Shoring Props

Quality shoring props of different specifications can be manufactured in our factory.

5. Planks/ Toe Board:

Both aluminum and steel planks can be manufactured in our factory.

6. Others

We can also manufacture casting parts, fences, ladders, steel trays/stillages and other related products that are needed in the erection of scaffolding.

FAQ

Can I get some samples?

Yes, free sample are available upon request.

What is your production capacity?

15 containers/month.

Do you have Certificate?

Yes, industry standard certificate.

Do you have your own test lab?

Yes, can conduct all the basic tests.

Payment term?

T/T, L/C at sight, Aliexpress, etc.
