

High Pressure Grey Cast Iron Casting Industrial Valve Part And Pipe Fittings

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Ningbo,China
- Brand Name: NC009
- Certification: ISO9001,CE,SGS
- Model Number: 009
- Minimum Order Quantity: 100 pcs
- Price: \$1-50
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs per month

Product Specification

- Material: Grey Iron, Ductile Iron,etc.
- Process: Sand Casting
- Surface Treatment: Heat Treatment, Machining, Polishing, Chrome/zinc/nickel Plating, Etc.
- Weight: 0.2kg-500kg
- Application: Industrial
- Service: Customized OEM
- Highlight: **gray cast iron castings, gray iron casting process**

Product Description

High Pressure Grey Iron Casting Valve Part And Pipe Fittings

Product Details

Material	Metal, Iron
Process	Sand Casting, Investment Casting, Lost Wax Casting
Surface	Shot Blasting
Standard	ASTM, AISI, BS, DIN, JIS, NF
Grade	Grey Iron (Flake) Ductile Cast Irons (S.G or Nodular) Abrasion & Wear Resisting Iron (Ni-Hard) Austenitic Cast Iron (Ni-Resist)
Applications	Engineering Castings Wear Parts Historic Markers and Plaques Street Furniture Stoves and Fire Backs Rain Water Goods Many iron castings can be used without heat treatment (as-cast) but, when needed, can be heat treated to enhance overall properties or localised properties such as surface hardness The chemical analysis of cast iron castings can also be modified to provide improved special properties such as corrosion resistance, oxidation resistance, wear or abrasion resistance

About Us

We are specializing in manufacturing and exporting of machinery parts. With our fully owned manufacturing plants that all certificated with ISO9001 and TS16949, we can undertake processes such as iron casting, investment casting, lost foam casting, fabrication.

We are committed to team the talents, integrate industry resources, and strive to further develop into a great enterprise of machinery parts and equipment. We look forward to working with you to create a better future.

Quality Control

Our company have a large number of the Quality Control Engineers, and we also have a lot of high precision testing equipment. such as: three coordinate measuring system, spectrograph, Optical Brinell hardness tester, tensile testing machine, air-gauge, Dial bore gauges, Inside Micrometer etc.

FAQ

How could I get a free quotation?

- Please send us your 2D/3D drawings for a quick quotation.
- The file format is PDF / STP / STEP / IGS / DWG and etc.
- IF there are no drawings, we can make the drawings according to your samples!

How soon can I get a sample?

- In 3 weeks according to the sample structure .

What is your MOQ?

- MOQ depends on the product structure, we welcome trial order before mass-production.
- Rapid PROTOTYPING service is available for your sample of casting!

How long is your delivery time?

- It depends on the product dimension, technical requirements and quantity. We always try to meet customers' requirement by adjusting our workshop schedule.
