

Concrete Walls Scaffolding Accessories Ductile Cast Iron Two Wing Nut

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC661
- Certification: ISO9001,CE,SGS
- Model Number: 661
- Minimum Order Quantity: 1000 pcs
- Price: \$1-50
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 90,000 pcs monthly

Product Specification

- Name: Wing Nut
- Material: Ductile Casted Iron QT450-10
- Process: Sand Casting
- Color: Yellow Or Sliver
- Weight: 0.3KG Etc
- Sample: Free
- Highlight: scaffolding fittings, scaffolding parts

Product Description

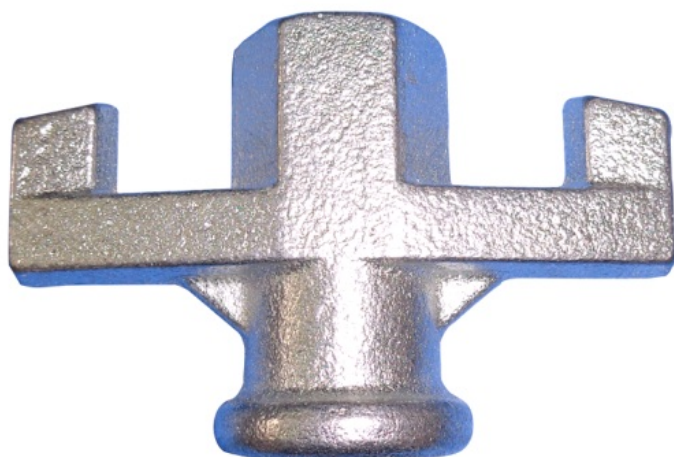

Concrete Walls Formwork Tie Rod Two Wing Nut / Ductile Cast Iron Wing Nut

Description

Formwork Wing nuts are made of ductile cast iron , they are used together with tie rod and washer plate for concrete wall shuttering system. With various size and weight , our formwork wing nuts can match different formwork tie rod, and when making tensile strength testing, usually, when the tie rod breaks, the wing nuts still keeps well.

Product Details

Name	Formwork casting iron wing anchor nut/tie rod nut
Material	QT450-10
Process	Sand box casting
Tensile strength	≥450Mpa
Percentage elongation	≥10%
Surface finish	Electro galvanized
Used	Used for 15/17mm tie rod
Package	packed into woven bags+steel pallet or as request
Delivery time	20-25 days
Sample	Available
MOQ	10Tons
Customization	Acceptable

Our Advantages

Professional manufacturer with powerful manufacturing capacity.
 Extensive and comprehensive quality control system.
 High quality excellent products with competitive price.
 Efficient service on pre and after sale, always available for to serve you.
 Fully energetic with highly qualified experience team.

Our Service

1. Free Samples are available.
2. High Quality. With years' experience on this field and professional designers, we not only can supply high quality products, but also can meet your requirements relying on your samples or designs.
3. Competitive Price. Based on the native advantage and direct suppliers, the price of products is definitely competitive.
4. Good Reputation. We have been keeping close business relationship with customers from Europe, Australia, Korea, Middle East and etc

FAQ

Q: What is the main business of your company at present?

We have over 25 years of experience in the production of scaffolding and cast iron parts. Our main products: the scaffold system fitting, formwork system products, scaffolding casters, industrial casters, little pipe for detonator and common hardware products.

Q: What is the quality of your products?

1. Our company strictly follows the stipulations set by ISO19001 standard.
2. Our company has one whole set of quality inspection system starting from the entrance of raw materials and dispatch of finished materials.

Q: May I customize the products?

Of course, we have a strong team of engineer and great back up of tooling. If you need to customize the product, please contact us, we will help you to communicate our tooling technical department.
