

Pressed Scaffolding Accessories Steel Pipe Support Galvanized Prop Base Plate

Our Product Introduction

for more products please visit us on greycastironcasting.com

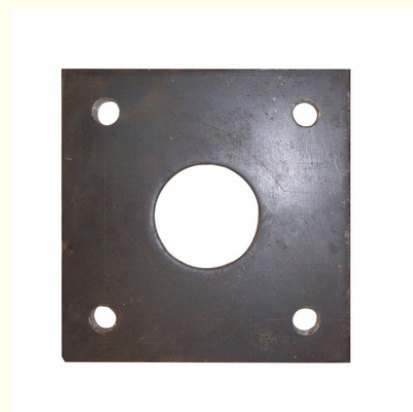

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC551
- Certification: ISO9001,CE,SGS
- Model Number: 551
- Minimum Order Quantity: 1000 pcs
- Price: Can talk
- Packaging Details: Crate
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 90,000 pcs monthly

Product Specification

- Item Name: Prop Base Plate
- Material: Q235/Q345
- Process: Pressed
- Thickness: 3-8mm
- Surface Treatment: Original, Galvanized , HDG
- Sample: Available
- Highlight: scaffolding parts, formwork accessories

Product Description

Construction Scaffolding Steel Pipe Support Galvanized Prop Base Plate

Product Details

Part Name	
Features	connect cuplock scaffolding ledger end standard quick assemble and strength enough
Product specification	Size:80-150mm material:Q235/Q345 thickness:3-8mm
Minimum order quantity	1000pcs
Whether to accept customization	OEM available
Logistics information	cartons and pallets
Applied field	construction project formwork support system

Production Process

Application

Our Service

Professional manufacturer with powerful manufacturing capacity.

Extensive and comprehensive quality control system

Excellent products with competitive price.

Efficient service on pre and after sale.

Full energy with affluent experience team.
