

Small Gray Cast Iron Castings GG20 Metal Castings Hydraulic Pump Block

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC762
- Certification: ISO9001,CE,SGS
- Model Number: 762
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 90,000 pcs monthly

Product Specification

- Item Name: Pump Block
- Material: Grey Iron
- Application: Hydraulic Pump
- Process: Sand Casting
- Dimension: Customized Size
- OEM: Available
- Highlight: gray iron casting process, green sand casting, gray cast iron castings

Product Description

Grey Cast Iron GG20 Metal Castings Supplier Hydraulic Pump Block

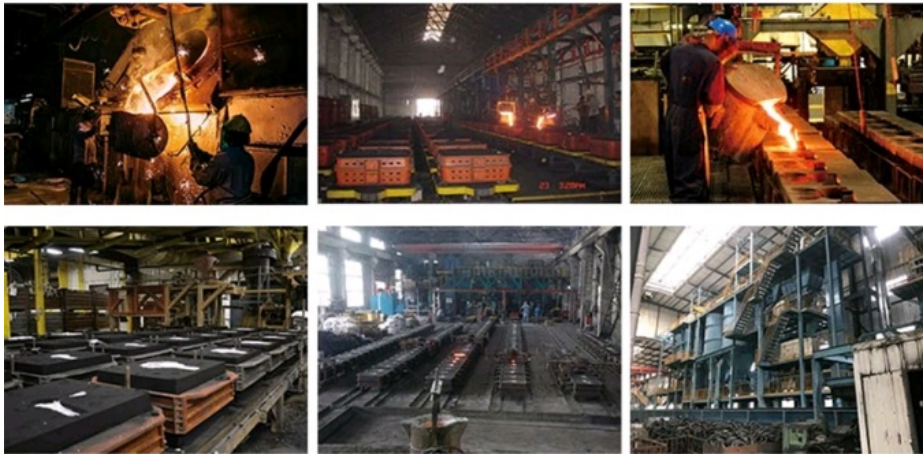

Product Details

Company	Manufacturer (more than 35 years' experienced factory)
	Exporter (export from 1990 year)
Main export market	Western Europe North America Western Asia
Accept	OEM/ODM Service,Accept trial orders
Material	Cast Iron and Steel
producing Process	precoated sand casting, precision casting
Surface Treatment	Painting, polishing, powder coating, zinc plating, chrome plating,heat treatment etc
Design	As per the customer's design, idea & samples; As per samples, we can provide surveying and drawing
Packing	Plywood box, iron box, stretch-wrap and pallet
Inspection	Self-inspection:GB/T 2828.1-2003/ISO 2859-1:1999
	Third party inspection available upon customer's requirements

Production Process

WorkShop

Quality Control

Quality Control is one of the most important process in production. We insist that 100% inspection before shipment and ensure parts without any flaws when sending out.

We have complete quality inspection facilities including mechanical testing, chemical analysis, tensile strength, hardness, spectrometer, ultrasonic testing, etc

1. Quality Control Process

Factory Information

Sunrise Foundry is a professional and experienced manufacturer of investment casting, sand casting, pre-coated sand casting, resin sand casting and lost foam casting parts. Our products include train and railway parts, machinery parts, construction parts, valves and pump parts, hardware parts and so on.

We could also supply OEM service according to customer's drawing or sample. To ensure product quality, we have a full set of inspection equipment and quality control methods.

FAQ

1. What are the main materials of your products?
We are focused on casting and processing of grey iron and ductile iron products.
2. What is your MOQ?

We will arrange production based on your drawings and deliver your products as per your requirements.
We will do our best to meet your demands.

3. What is your main equipment?

Our casting equipment is brought from Japan. They mainly include: FBO auto molding lines, sand lines, cleaning lines, vertical and horizontal machining centers and CNC machining center.
