

Agricultural Farm Machinery Parts Investment Casting Parts With ISO9001

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC259
- Certification: ISO9001,CE,SGS
- Model Number: 259
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

Product Specification

- Process: Investment Casting
- Material: Carbon Steel, alloy Steel, Stainless Steel
- Application: Agricultural And Farm Machinery
- Dimensions: As Your Design, Customer Required
- Surface Treatment: Sandblasting
- Inspection: 100%
- Highlight: **steel investment casting, investment and precision casting, lost wax casting**

Product Description

Precision Investment Casting Agricultural And Farm Machinery Part

Product Details

Item name	Precision investment casting with sand blasting finish
Material	carbon steel, alloy steel, stainless steel and heat resistant steel etc
unit weight	0.5kg-300kg
Application	Automotive, mining, railway, medical, marine, construction equipment ect.
Standard	ASTM, DIN, ISO, BS, JIS
Certificate	ISO9001:2008
Surface treatment	Electro zinc plated, powder coating, shoot blasting, painting etc
Machining	CNC machining centers for further machining process
Heat treatment	Induction furnace for raw material heating, heat treatment of continuous quench+temper+carburization available
Finish	Powder coating, painting, shoot blasting, hot galvanized
Quality control	Instrument and manual inspection for every shipment
MOQ	500kg
Packing	Packed in carton then in wooden case or pallet

Production Process

PRODUCTION PROCESS

Mould

**Waxes
Injection**

**Starch
Dipping**

**Shell
Drying**

**Shell
Baking**

**Steel
Melting & Pouring**

**Shell
Vibrating**

**Sand
Blasting**

**Ready For
Maching**

Our Advantages

- 1.The leading manufacturer of casting&forging products in China
- 2.OEM/ODM casting&forging items can be accepted.
- 3.The professional technical engineer team for evaluation before mass production.
- 4.Samples will be tested by lab equipment before every shipment.
- 5.More competitive price compared to the trading companies.
- 6.More prompt delivery compared to the trading companies.
- 7.Quality inspection personnel will be arranged for every order.
- 8.Better after-sale service can be provided compared to the trading companies.
