

## Precision Casting Stainless Steel Casting Glass Holder Glass Clamp Clip

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC461
- Certification: ISO9001,CE,SGS
- Model Number: 461
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

### Product Specification

- Part Name: Glass Holder Glass Clamp Clip
- Material: Stainless Steel
- Surface Treatment: Customized Dimension
- Dimensions: Customized Dimension
- Manufacture Process: Silica Sol Precision Casting
- Highlight: **stainless steel investment casting, stainless steel precision casting, lost wax casting stainless steel**

## Product Description

### Precision Casting Foundry Stainless Steel Glass Holder Glass Clamp Clip

#### Product Details

Material	Stainless Steel 304, 304L, 316, 316L; Carbon Steel, Alloy Steel, etc
Surface Treatment	Antirust oil, Plating, Paint, Powder Coating, Polishing, etc
Manufature Processes	Confirmation Drawings - Open Tooling - Sample Approval - Incoming Qulity Check - Investment Casting - Fix the burrs - Drilling and Threasing - CNC Machining - Polishing - Internal Process Quality Check - Surface Treatment - Packing - Outgoing Quality Check - Shipping
Product Weight	0.001KG - 30KG
Surface Roughness	Ra0.8~Ra6.3
Drawing format	We accept DXF,DWG,IGS,STEP, and so on
Terms of trade	EXW, FOB, CIF
Lead Time	20-25 days after order confirmed or as your request
Packing	Single polybag, bubble bags, wooden case, carton box, or as your requests
Logo	Can be made as your own logo, your own brand
After-sales Service	We will follow up every customer and solve all problems satisfied after sale

#### Production Process

## PRODUCTION PROCESS

**Mould**

**Waxes Injection**

**Starch Dipping**

**Shell Drying**

**Shell Baking**

**Steel Melting & Pouring**

**Shell Vibrating**

**Sand Blasting**

**Ready For Machining**

### Our Service

- 1,High precision of casting, good surface finish, can eliminate or reduce machining, save material and processing cost.
- 2,Can produce parts with complex shapes,or cast multiple parts into one, leaving out the combination or welding work.
- 3,You can create beautiful words and patterns on the product to show your company and product image.
- 4,Materials are not restricted, and various alloy materials can be supplied according to the requirements of customers.
- 5,High production efficiency, good repeatability and easy to achieve mass production.

### FAQ

What is your terms of packing?

A: Generally, we pack our goods in carton box or wooden case. If you have legally registered patent, we can pack the goods in your branded boxes after getting your authorization letters.

What is your terms of payment?

A: T/T 50% as deposit, and 50% before delivery. We'll show you the photos of the products and packages before you pay the balance.
