

## Excellent Elongation Ductile Iron Sand Casting Valve Body Parts Natural Color

### Our Product Introduction

#### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC0946
- Certification: ISO9001,CE,SGS
- Model Number: 946
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

#### Product Specification

- Material: QT400-18
- Process: Iron Casting
- Surface Treatment: Shot Blasting
- Color: Natural
- Size: As Per Drawing
- Inspection: 100%
- Highlight: valve parts casting, sand casting process

## Product Description

### Excellent Elongation Ductile Iron Sand Casting Valve Body Parts

#### Product Description

Ductile iron valve fittings have the characteristics of high compressive strength and excellent elongation. Without reducing compressive strength, they can reduce the weight of the valve and reduce the purchase cost. Our company can undertake nodular iron and gray iron valve body castings.

#### Part Details

Process	Casting + Machining ( if you need ) + Surface treatment
Certification	ISO9001 : 2008
Surface treatment	Shot blasting
Standard	ASTM , AISI , BS , DIN , JIS , NF
Dimension tolerance	Min + / - 0 . 02
Weight range	0 . 002 - 80KG
Quality control	100% inspection on critical dimensions or follow your special request
Service	OEM ODM
Technology	investment casting
Delivery time	45 - 60 days
Product Keywords	valve body casting

#### Quality Control

We strictly follow the drawings and the requirements of the customers for production and processing. Each step has undergone strict quality inspection, and strives to achieve 0% production defects and 100% customer satisfaction.

QUALITY CONTROL

1. Projector	2. Coat thickness tester	3. Roughness tester
4. HB	5. HRC	6. Height gauge

#### Our Advantages

1. More than 25 years of production experience in sales development.
2. In most European countries and North America have a business relationship for five years to 10 years of steady customers.
3. Business scope include casting (sand casting and precision casting), forging (steel forgings, copper forgings, stampings) and so on.
4. For the development of new products, we have the industry's top engineers.
5. Our supply system is not limited to our own production, but can be found in low-cost suppliers in northern China and south to meet the different needs of different customers.
