

Ductile Iron Resin Sand Casting Brake Head for Train Brake System

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC9084
- Certification: ISO9001,CE,SGS
- Model Number: 9084
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

Product Specification

- Part Name: Brake Head
- Material: Ductile Iron
- Application: Train Brake System
- Surface Finish: Antirust Treatment
- Quality Control: 100% Inspection
- OEM: Available

Product Description

Ductile Iron Resin Sand Casting Brake Head for Train Brake System

Product Details

Technology Process	green sand casting, resin bonded casting, compression casting, investment casting (lost wax casting), die casting, pressing & forging etc. Machining: complete machining such as Machining center, CNC, Lathe, Milling machine, drilling etc.
Material	Grey Iron, Ductile Iron
Surface Treatment	shot blasting, deburr, phosphating, spray lacquer etc
Size	As per the customer's drawings and requirements As per the customer's samples
Certification	ISO9001:2000
Application	valves parts, Auto parts, machinery parts, locomotive part, marine part, truck part, Garden fence accessories
Standard	DIN, ASTM, BS, JIS etc

Our Service

1. Drawing: We will translate your original drawing; make manufacturing procedure plan, offer professional suggestions on the design if needed.
2. Engineering design software: Solidworks, AutoCAD.
3. Quality control: We have full set of quality control system to guarantee best product quality. Depends on the products, we make different item testing plan, different manufacturing procedure and provide certified lab mechanical testing.
4. Sample: Samples available.

FAQ

1. How long can I get the price?

Prices will be quoted within 24 hours after we get your inquiry with detailed information (including drawings, material, surface treatment, quantity, special requirements, etc).

2.How can I get a sample to check your quality?

On the case of quotation confirmation.Sample will be free of charge for customer approval, freight collect.

3.How long can I expect to get the sample?

It depends on, normally 15 days~30 days (including mould making time). Samples will be shipped by DHL, FedEx, UPS, TNT or EMS,ect.

4.What about the leading time for mass production?

It depends on the order quantity. Normally, 15~40 days after receiving of deposit or L/C.

5.What is your MOQ?

We don't have a strict limit, small quantity is also workable.
