

High Strength Expansion Shell Mining Rock Bolts Mechanical Roof Bolt

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC4736
- Certification: ISO9001,CE,SGS
- Model Number: 4736
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Standard
- Delivery Time: 35 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

Product Specification

- Part Name: Expansion Shell Mining Rock Bolts
- Application: Geotechnical Rock Support
- Length: 100mm
- Weight: 0.35kg
- Anchor Material: SG42
- Leaves Material: Forged Steel
- Bracket Process: Stamping
- Welding Point: Perfect

Our Advantage

1. Rich production experience and very professional
2. Provide customers with one-stop solution and purchasing requirements
3. Complete production process and products
4. Design and recommend suitable products for customers
5. Cheap price, high quality, fast delivery time
6. Accept small orders
7. Credit security
8. Communicate well with customers, quick reply and quote

FAQ

How long can I expect to get the customized sample?

After you pay the sample charge and send us confirmed files, and the mould is existing in our factory, the samples will be ready in 10-15 working days;

If the mould is not existing, we need to open a new mould, the samples will be ready in 15-18 working days; The samples will be sent to you via express and arrive in 3-5 working days. You can use your own express account number or prepay us if you do not have an account.

What about the lead time for mass production?

Honestly, it largely depends on the order quantity and the season when you place the order. As usual, 20-35 working days will be OK. If you are very urgent, we will try our best to do it.
