

Underground Mining Expansion Shell Anchor Expansion Shell Rock Bolts

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC8756
- Certification: ISO9001,CE,SGS
- Model Number: 8756
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Crate
- Delivery Time: 35 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Item Name: Expansion Shell
- Diameter: 35-38mm
- Material: Cast Iron
- Finish: Oil Rusty
- QC: 100% Inspected
- Size: As Per Drawing

Product Description

Underground Mining Expansion Shell Anchor Expansion Shell Rock Bolts

Product Details

Product Name: Expansion Shell / Rock anchors bolt
Material: carbon steel for Expansion Shell, cast iron for Rock anchor bolts
Finish: Oil Rusty
Process: Forging for Expansion Shell, casting for Rock anchor bolts
Application: Rock anchor used in sound rock or concrete allows one-sided forming of walls

Spot welding

- the heating time of the connection area is very short and the welding speed is fast during spot welding.
- spot welding only consumes electric energy and does not need filling materials, flux, gas, etc.
- spot welding quality is mainly guaranteed by spot welder. Simple operation, high degree of mechanization and automation, high productivity.
- low labor intensity and good working conditions.

The shell clip

- wavy anti-slip, with the effect of reinforcement
- support galvanizing

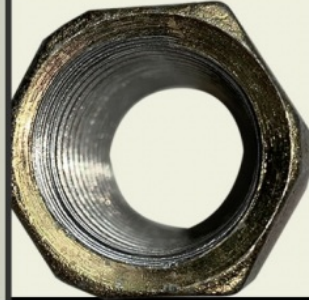

support chip

- precise mold
- reliable structure

Hexagon nuts

- electroplating prevents corrosion, oxidation and longer service life
- good stability, superb workmanship, stable work, more assured
