

## Precision Investment Casting Forklift Construction Machinery Parts

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC9845
- Certification: ISO9001,CE,SGS
- Model Number: 9845
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

### Product Specification

- Item Name: Forklift
- Application: Construction Machinery Parts
- Material: Steel
- Process: Steel Casting, Investment Casting
- Finish: Sandblasting
- QC: 100% Inspected

## Product Description

### Precision Investment Casting Forklift Construction Machinery Parts

#### Product Details

Material available	Low carbon steel, C45, 20CrMnTi, 42CrMo, 40Cr, stainless steel. Can be adapted regarding customer requirements.
Surface treatment	Blacking, galvanization, chroming, electrophoresis, color painting, ...
Heat treatment	High frequency quenching heat treatment, hardened teeth, carbonizing, nitride, ...
Description	<p>Our product can be adapted: see the diagram and the chart below. Please give us the required model name so we can provide you the most accurate quotation.</p> <p>This chart is for reference, if you need different features, provide us all relevant details for your project and we will be glad to help you find the product matching your need at the best quality with the lowest price.</p> <p>Please note the price and the MOQ may vary regarding the product you choose: do not hesitate to contact us to know more!</p>
Main uses and guarantees	<p>Extensive use: machinery, metallurgy, mine, building, electron, port etc, professional automation production and conveying transmission equipment</p> <p>Guarantee: High precision, high wear resistance, low noise, smooth and steady, high strength</p>

#### Product Process

#### Advantages

1. Lower cost price, since expensive processing and welding operations are eliminated;
2. Cheap moulding process;
3. Complex design without draft angles;
4. Higher accuracy in comparison to sand casting.

#### OEM/ODM

All our products are OEM. Parts are totally made according to customers' drawings and requirements. Customers' drawings and designs are kept as confidential!
