

Construction Materials Cast Iron Unbonded Monostrand Flat Anchorage

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC7635
- Certification: ISO9001,CE,SGS
- Model Number: 7635
- Minimum Order Quantity: 10000 pcs
- Price: Can talk
- Packaging Details: Standard
- Delivery Time: 35 days
- Payment Terms: T/T, L/C,
- Supply Ability: 60,000 pcs monthly

Product Specification

- Part Name: Monostrand Anchor
- Application: Construction
- Material: Cast Iron
- Size: 12..5 12.7
- Capacity: 18.7ton
- Color: Natural
- OEM: Available

Product Description

Construction Materials Cast Iron Unbonded Monostrand Flat Anchorage

Our unbonded systems feature 0.5" and 0.6" diameter strands coated with a layer of specially formulated grease. The outer layer is seamless plastic extruded in one continuous operation to provide protection against corrosion. Each tendon is precisely coiled, cut, labeled, color-coded and delivered to the construction site. A wide variety of anchorage systems (see Product Information tab below) are available to meet design specifications.

Encapsulated unbonded monostrand systems are used in areas that are subject to corrosive conditions. Strands are protected at the anchorages using greased plastic sleeves and grease-filled end caps. Additionally, anchorage components are fully encapsulated in a high density polyethylene plastic covering and an optional encapsulated intermediate coupler anchorage system can be used to protect the strand at construction joints.

Product Details

Product Name	Monostrand Anchorage
Material	Cast iron
Color	Galvanized / Black / Steel
certificate	ISO,BV,ISO9001,CHINA MINING SAFETY CERT.
Wedge Type	2 pcs or 3 pcs
Brand	SW
Place of Origin	Tianjin,China Mainlan
Application	For PC strand

Our Service

20 years' experience in prestressed products
Strict quality control system
Free sample
Customized product can be made
Offer professional consultation and service

FAQ

Q1.Do you have MOQ?

Depends on different ideas, Can be negotiated.The larger the quantity is, the competitive the unit price will be.

Q2.Should the customer pay the delivery fee,How much is it?

For the delivery fee,many samples are be requested to be sent,so we must get delivery fee. If you tell me to use the appointed Express,you will give me your express account or you will pay according to the Express. If you do not request,I will choose a cheap one in China.

Q3.How about the after sale service?

We will always keep the quality the same as the buyer's samples and if there is something with the quality,we will make compensation for our customers. 2)We will suggest our packing and take charge in our packing,we will keep the goods safe in the delivery. 3)We will trace the goods from the production to selling,we will solve the problems in the selling for our customers.

Q4.When can I get a price?

We usually quote within 24 hours after we get your inquiry.

Q5: Are you a trade company or manufacturer?

We are a professional manufacturer with our own factory.
