

Agriculture Machinery Tractor Parts Steering Arm Ductile Iron Sand Casting

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC6735
- Certification: ISO9001,CE,SGS
- Model Number: 6735
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C,
- Supply Ability: 50,000 pcs per month

Product Specification

- Item Name: Tractor Steering Arms
- Application: Tractor Parts
- Material: Ductile Iron
- Process: Sand Casting
- Finish: Sandblasting
- Quality Control: Strictly 100% Inspection
- Tolerance: Customer's Drawing Request

Product Description

Agriculture Machinery Tractor Parts Steering Arm Ductile Iron Sand Casting

Description

Technic	Sand Casting
Material	Ductile iron , Grey iron , Carbon steel , Stainless steel , Alloy steel ,
Unit Weight	0.5kg~300kg
Application	Agriculture, Automotive , Mining , Railway , Medical , Marine , Machinery , Construction equipments ,
Standard	ASTM, DIN, ISO, BS, JIS
Certificate	ISO9001, TS16949
Main technics	Green iron sand casting , precoated iron sand casting , clay iron sand casting etc
Molding choice	Hand molding , Machine molding , Auto molding line
Applicable Machining Process	CNC Machining / Lathing / Milling / Turning / Boring / Drilling / Tapping/ Broaching / Reaming / Grinding / Honing and etc
Casting Blank Size /Dimensions	2 mm-2000mm
Casting weight range	0.1kg-5000kg
Finish	Shot blasting , Polishing , Surface passivation , Powder coating , Painting , Hot galvanized , Dacromat coating or as request
Production Capacity	150 ton per month for iron sand casting

Production Line

WorkShop

About Us

Our main products line includes sand casting, precision casting, stainless steel Casting, CNC turning and so on. Materials vary from grey iron, ductile iron, steel, stainless steel, and so on.

1. Trusted supplier of steel, iron & non-ferrous components;
2. Extensive documented quality program in place.
3. Castings, forgings, stampings, machining, welding & fabrication services.
4. 25+ years of manufacturing experiences, 10+ years of exporting experience
5. 100% of products sold to overseas customers.

Inspection Facility

CMM

Tensile Test Machine

FAQ

How can I get some samples?

If you need, we are glad to offer you samples for free, but the new clients are expected to pay the courier cost, and the charge will be deducted from the payment for formal order.

Can you make casting according to our drawing?

Yes, we can make casting according to your drawing, 2D drawing, or 3D cad model. If the 3D cad model can be supplied, the development of the tooling can be more efficient. But without 3D, based on 2D drawing we can still make the samples properly approved.

Can you make casting based on our samples?

Yes, we can make measurement based on your samples to make drawings for tooling making.

What's your quality control device in house?

We have spectrometer in house to monitor the chemical property, tensile test machine to control the mechanical property and UT Sonic as NDT checking method to control the casting detect under the surface of casting.
