

## Cast Iron Farm Tractor Rear Wheel Weights Casting

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC0835
- Certification: ISO9001,CE,SGS
- Model Number: 0835
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 35 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

### Product Specification

- Item Name: Wheel Weights
- Application: Farm Tractor
- Material: Ductile Iron
- Finish: Painting
- Size: Customized
- Inspection: 100%

## Product Description

### Cast Iron Farm Tractor Rear Wheel Weights Casting

#### Product Details

If you've ever run out of traction and spun your wheels on dry ground, you could probably benefit from adding ballast to your tractor. Some owners opt for filled tires, but bolt-on weights like these are a nice option when you want to switch back and forth from ground-engaging tasks and turf work where you might not want the added weight compacting delicate lawns.

#### Features

Made of durable cast iron and painted orange or yellow

May be installed with wheel in either the narrow or wide position

May be used on both two-wheel-steer and all-wheel-steer tractors

To stack the weights and install two on a wheel, two bolts are required per wheel.

#### Factory Introduction

Sunrise Foundry is a professional Metal Foundry. We have been producing Gray Iron, Ductile Iron Castings and any other precision castings for more than 25 years.

We are dedicated to meet different requirements of various customers across the world, products are mainly involved Agricultural and Construction Machinery, Hydraulic, Mining industry, Municipal Products, some steel and stainless steel castings for Pumps and Valves, Pipe Fittings, etc.

Please feel free to contact us if you have any requests.

#### Our Workshop

#### Quality Control

We have a full set of quality control system to guarantee best product quality. Depending on the products, we can make different Item Testing Plan, Manufacturing procedure etc.

#### Inspection

We have professional inspectors, who can insure that all our products are qualified.

CMM

Tensile Test Machine

#### FAQ

Can you make casting according to our drawing?

Yes, we can make casting according to your drawing, 2D drawing, or 3D cad model. If the 3D cad model

Can be supplied, the development of the tooling can be more efficient. But without 3D, based on 2D drawing we can still make the samples properly approved.

Can you make casting based on our samples?

Yes, we can make measurement based on your samples to make drawings for tooling making.

What's your quality control device in house?

We have spectrometer in house to monitor the chemical property, tensile test machine to control the mechanical property and UT Sonic as NDT checking method to control the casting detect under the surface of casting.
