

Precision Steel Investment Casting Customized Hydraulic Cylinder Components

Our Product Introduction

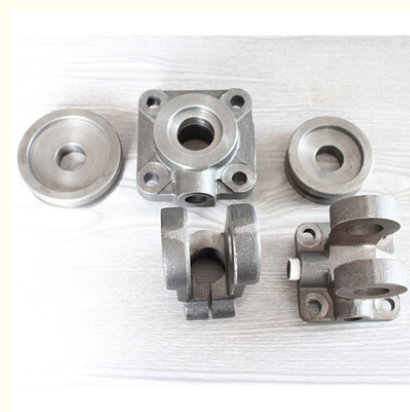

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC9082
- Certification: ISO9001,CE,SGS
- Model Number: 9082
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Standard
- Delivery Time: 35 days
- Payment Terms: T/T, L/C
- Supply Ability: 50,000 pcs per month

Product Specification

- Part Name: Hydraulic Cylinder Components
- Application: Hydraulic Cylinder
- Material: Steel
- Production Process: Precision Investment Casting
- Surface: Sandblasting
- Size: Customized Size
- Inspection: 100%

Product Description

Precision Steel Investment Casting Customized Hydraulic Cylinder Components

Product Details

Product Material	Carbon Steel, Alloy Steel, Stainless Steel, Aluminum, Copper
Process	Lost wax casting + CNC machining
Surface Treatment	Polish, powder coating, lacquer coating, e-coating, sand blast, shot blast
Heat Treatment	Annealing, Normalizing, Hardening, Tempering
Size	1) According to customers' drawings 2) According to customers' samples
Drawing Format	step, dwg, igs, pdf
Certificate	IATF 16949, ISO 9001:2015
Payment Term	T/T, L/C, Trade Assurance

Production Process

PRODUCTION PROCESS

Mould

Waxes Injection

Starch Dipping

Shell Drying

Shell Baking

Steel Melting & Pouring

Shell Vibrating

Sand Blasting

Ready For Machining

About Us

Sunrise Foundry is a professional custom metal casting products company.

The company has a casting production line. Has 250 kg electric furnace 2 sets, 0.75 tons of electric furnace 1 set, can cast less than 500kg weight of stainless steel and carbon steel, alloy steel products.

We have an independent mold workshop, with wire cutting, edm, CNC machining center and other equipment, can independently develop and produce molds.

The company mainly produces cast stainless steel and cast steel products, products involving automobile, aerospace, train, agricultural machinery, furniture, home, communications, sports equipment, kitchenware, pump valve and other industries.

We look forward to cooperating with you.

Quality Control

Our testing equipment includes coordinate detector, spectrum detector, quadratic projector, tensile testing machine and so on.

CMM

Tensile Test Machine

FAQ

Q1:Where can I get product&price information?

A1:Send us e-mail , we will contact you as we receive your mail.

Q2: How soon can I get samples?

A2: Depending on your specific project, it usually takes 10 to 20 days.

Q3:How to enjoy the OEM services?

A3:Usually, base on your design drawings or original samples, we give some technical proposals and a quotation to you, after your agreement, we produce for you.

Q4:Can you make machining parts based on our samples?

A4:Yes, we can make measurement based on your samples to make drawings for machining parts making.

Q5: Is it possible to know how are my products going on without visiting your company?

A5: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the machining progress.
