

## High Precision Cast GG20 GG25 Grey Iron Sand Casting Bearing Roller

### Our Product Introduction

#### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC3523
- Certification: ISO9001,CE,SGS
- Model Number: 3523
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

#### Product Specification

- Material: Grey Iron
- Process: Sand Casting
- Application: Machinery Parts
- Finish: Polishing, Zinc Plating, Nickel Plating, Chrome Plating
- Size: Customized
- Inspection: 100%

## Product Description

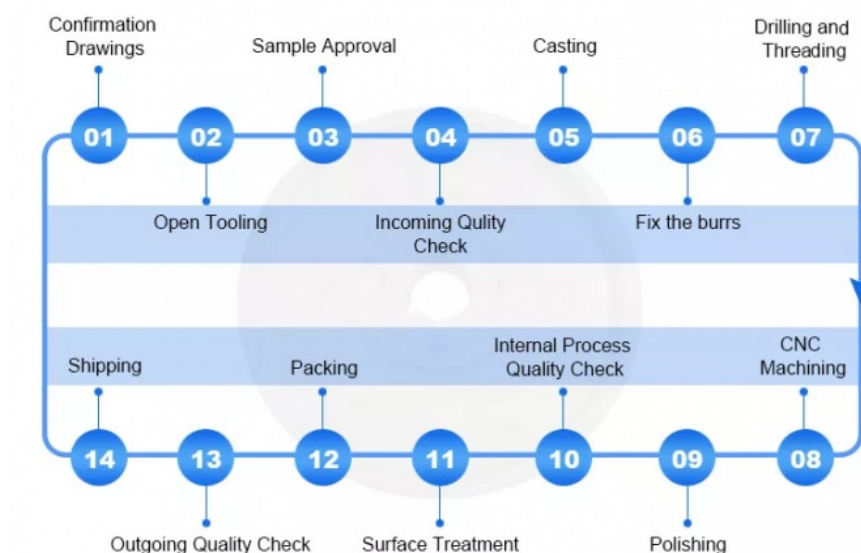

### High Precision Cast GG20 GG25 Grey Iron Sand Casting Bearing Roller

#### Product Details

Process:	Green sand & Resin sand & Precoated sand;
Finish:	Antirust oil, Plating, Paint, Powder Coating, etc...;
Weight:	0.03 - 500 Kg;
MOQ:	100 Pieces
-Years of experience in <b>manufacturing and exporting</b> . -All sorts of casting can be manufactured <b>according to customer's requirement</b> , drawing, design or samples; -The coordinated service (casting, machining and surface treatment) make <b>lower price</b> possible; <b>-Strong engineering team</b> makes high quality; -Full material testing process and <b>quality control</b> system; <b>-On time</b> delivery; <b>-OEM &amp; ISO</b> ;	

#### Production Process

##### PRODUCT CUSTOMIZATION PROCESS

#### About Us

We specialize in custom metal parts for Mechanical Parts, industry machine parts, Agricultural machinery parts, building materials, auto cars

accessories, medical facility, solar energy system, exhibition, assembly line etc. Providing one-stop service (extrusion+ heat treatment + machining + surface treatment), to save time and costs and reduce risk of quality control for you. With keeping manufacturing process design, quality planning, key manufacturing processes and final quality control in house, we are mastering key competence to supply quality casting iron parts to our customers for both China and Export Market. During the early involvement of the customer's design process we are able to provide professional input to our customers in terms of process feasibility, cost reduction and function approach. You are welcome to contact us for technical enquiry and business cooperation.
