

China Metal Foundry Ductile Cast Iron Sand Casting Track Pressing Plate

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC8352
- Certification: ISO9001,CE,SGS
- Model Number: 8352
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Item Name: Track Pressing Plate
- Material: Ductile Iron
- Process: Sand Casting
- Finish: Shot Blasting/powder Coating
- Application: Truck
- Dimension: Customized

Product Description

China Metal Foundry Ductile Cast Iron Sand Casting Track Pressing Plate

Product Details

Process	Precision Casting/Sand casting/Steel casting/Aluminum casting
Heat Treatment	Quenching, Tempering, Annealing, Normalizing, Nitridation, Carburization.
Surface Treatment	Zinc-Plated, Hot dipping galvanized, Polishing, Painting, Powder coating.
Machining Equipment	CNC Machines, Turning Machines, Drilling Machines, Milling Machines, Grinding Machines, etc.
Measuring Tool	CMM, Projector, Vernier Caliper, Depth Caliper, Micrometer, Pin Gauge, Thread Gauge, Height Gauge, etc.
Weight	0.1-60kgs.
Application	Auto Parts, Machinery Parts, etc.
Package	Plywood or wooden case, pallet (As per customer's requirement).

Production Process

What is Silica Sol Investment Casting?

Silica sol investment casting and water glass are the two primary investment casting methods now days. The main differences are the surface roughness and cost of casting. Water glass method dewaxes into the high-temperature water, and the ceramic mold is made of water glass quartz sand. Silica sol method dewaxes into the flash fire, and silica sol zircon sand makes the ceramic mold. Silica sol method costs more but has the better surface than water glass method.

Advantages:

1. High dimensional accuracy, good surface and quality
2. Better corrosion resistance
3. Less failure rate

Silica Sol Investment Casting production line:

Quality Control

CMM

Tensile Test Machine

FAQ

how can we guarantee quality?

Always a pre-production sample before mass production;
Always final Inspection before shipment;

what can you buy from us?

Manhole Cover, Pipe Fittings, OEM Industrial Castings, Municipal Castings, Iron Pipe

why should you buy from us not from other suppliers?

over 500,000 square meters of workshop, warehousing and production facilities. 6 automatic moulding machine lines, CAD machining center, professional laboratory. we are ISO9001:2008 TUV / BSI Kitemarked / SGS / UL listed / FM / NF certified!

what services can we provide?

Accepted Delivery Terms: FOB, CFR, CIF, EXW ;
Accepted Payment Currency: USD, EUR;
Accepted Payment Type: T/T, L/C, Western Union, Escrow;
Language Spoken: English, Chinese, French
