

Cast HT200 250 Grey Iron Casting Water Pump Housing Casting Parts

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC7635
- Certification: ISO9001,CE,SGS
- Model Number: 7635
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 25 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Item Name: Water Pump Housing
- Material: Grey Iron
- Process: Sand Casting
- Tolerance Standard: CT8-10
- Finish: Painted
- Size: Customized

About Us

Sunrise Foundry manufactures and exports a variety of casting products for architectural, automotive, mechanical parts.

Our main product line includes sand casting, precision casting, investment casting, lost wax casting, and CNC machining. Materials vary from gray iron casting, ductile iron casting, metal casting, steel casting, stainless steel casting, and so on. We export to more than 20 countries on 6

continents and have been doing so for more than 25 years.

We have a strong and highly efficient R&D team which can design and make OEM/ODM products according to your ideas and samples.

Moreover, in order to ensure the quality of the orders, our independent QC members to carry out strict inspection at each stage:

Incoming material inspection

Inspection of work-in-progress

Finished product inspection

Random warehouse inspections All of our operations are strictly compliant with ISO 9001: 2008 guidelines We own automated casting lines, CNC machining, CMM inspection, spectrometers and MT testing equipment, X-ray.

To benefit from our strong OEM/ODM capabilities and considerate services, contact us today. We will sincerely create and share success with all clients.

Quality Control

Optical Emission Spectrometer

X-ray Machine

Universal Mechanical Testing Machine

Hardness Tester

Metallurgical Microscope

Roughness Meter

FAQ

1. What are the main materials of your products?

We are focused on casting and processing of grey iron and ductile iron products.

2. What is your MOQ?

We will arrange production based on your drawings and deliver your products as per your requirements.

We will do our best to meet your demands.

3. What is your main equipment?

Our casting equipment is brought from Japan. They mainly include: FBO auto molding lines, sand lines, cleaning lines, vertical and horizontal machining centers and CNC machining center.
