

## China Foundry Ductile Iron Sand Casting Mine Accessories Casting

### Our Product Introduction

#### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC8352
- Certification: ISO9001,CE,SGS
- Model Number: 8352
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

#### Product Specification

- Material: Ductile Iron
- Application: Mine Industry
- Process: Sand Casting
- Finish: Sandblasting
- Service: OEM ODM Customised
- Inspection: 100%

## Product Description

### China Foundry Ductile Iron Sand Casting Mine Accessories Casting

#### Product Details

model	OEM
application	Auto-industry/ Engineering machinery/ Household appliance/ Utility industry/ Agriculture/ Motorcycle accessories/etc..
brand	SR
Country of origin	Ningbo
size	Customer drawings/ Customer sizes
color	Customized colour
Machining tolerance	+/-0.01mm
process	Casting/CNC/Mechiening center
Unit weight	0.1KG-150KG
certificate	ISO9001/TS16949/ISO14001/ISO45005
material	QT400/QT450/QT500/QT600/A536/G5502/2789/1693

#### Production Process

Nodular cast iron is a high-strength cast iron material whose comprehensive properties are close to steel.

It is its excellent performance that has been successfully used to cast some parts with complex forces and high requirements for strength, toughness and performance.

Nodular cast iron has developed into a cast iron material that is second only to gray cast iron and has a wide range of applications.

The so-called "substituting iron for steel" mainly refers to ductile iron.

#### Sand Casting Workshop

#### About Us

Sunrisr Foundry is a sand casting manufacturer with global parts metal casting technology and can provide complete metal sand casting services. Passed ISO9001-2015 quality certification, it produces more than 5,000 tons of metal sand casting products every year, and provides: casting mold design, casting mold manufacturing, metal sand casting.

### Quality Control

Quality Control is one of the most important process in production. We insist that 100% inspection before shipment and ensure parts without any flaws when sending out.

We have complete quality inspection facilities including mechanical testing, chemical analysis, tensile strength, hardness, spectrometer, ultrasonic testing, etc.

CMM

Tensile Test Machine

### FAQ

How long is the delivery time for bulk order?

A: It depends on the order quantity, normally the delivery time will be 15-30 working days. Pls kindly contact us before order.

OEM/ODM service available?

A: Yes, we accept OEM/ODM.

If I need customize Packing Cartons, is that available.

A: Yes, we have production line for packing box and cartons. we can make it according to your special requirement.

How to guarantee the Quality.

A: Yes, we have strict control of the quality from the raw material to finished products according to ISO9001 QC system. We guarantee all products are 100% qualified and backed by lifetime warranty.

How will you delivery my order?

A: Normally for the order quantity less than 45 kgs, we send by Express; from 45-200kgs we suggest to send by Air. For Bulk order, we will send by Sea. It all depends, we will compare and find the best solutions.
