

Oem Casting Foundry 304/316 SS Stainless Steel Precision Lost Wax Investment Casting Railway Part Casting

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC0462
- Certification: ISO9001,CE,SGS
- Model Number: 0462
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Material: Stainless Steel
- Application: Railway
- Standard: GB ASTM AISI DIN BS
- Casting Tolerance: CT5-7
- Finish: Sandblasting
- Quality Control: 100% Inspected /ISO9001 System

Product Description

Oem Casting Foundry 304/316 SS Stainless Steel Precision Lost Wax Investment Casting Railway Part Casting

Material Capabilities	Aluminum alloy A360,A380,A390,ADC-12,ADC-10,brass, copper, brozen, steel, Iron, stainless steel
Manufacture Process	Process/Secondary Maching/Surface Finish
Process	Sand casting/gravity casting/investment casting/lost wax casting
Secondary Machining	CNC turning/milling/drilling/grinding/assembly to Packing
Surface Finish	Chrome plating/sandblastin/painting/anodizing/powdercoating/ electrophoresis etc
Tolerance	0.01mm
Maximum Ton	1800T (From 200T to 1800)
Application	Communication equipments/mechanical equipments/Auto Parts/ Automation machine/medical device/industrial machine/automobile/electric appliance/and other industries etc

About Us

The company adopts the silica sol shell technology, mainly produce the precision castings of various metals. Our products are widely used in automobiles, ships, construction, medical equipment, food machinery and pipeline valves and other industries.

The company has built up a complete quality control system based on its powerful management team and various inspections and testings devices such as dimensional inspection, chemical composition analysis, mechanical property tests, non-destructive tests and metallographic inspections.
