

## Precision Casting 316L Stainless Steel Lost Wax Casting Hydraulic Parts

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC8323
- Certification: ISO9001,CE,SGS
- Model Number: 8323
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

### Product Specification

- Material: 316L Stainless Steel
- Application: Hydraulic
- Process: Lost Wax Casting
- Surface Treatment: Sand Blasting, Polishing
- Quality Control: 100% Inspection
- Casting Tolerance: CT4-CT6

## Product Description

### Precision Casting 316L Stainless Steel Lost Wax Casting Hydraulic Parts

#### Product Details

Materials	Aluminum Alloy:
	5052 / 6061/ 6063 / 2017 / 7075 / etc.
	Brass Alloy:
	3602 / 2604 / H59 / H62 / etc.
	Stainless Steel Alloy:
	303 / 304 / 316 / 412 / etc.
	Steel Alloy:
	Carbon Steel / Die Steel / Spring Steel etc.
	Other Special Materials:
Surface Treatment	Lucite / Nylon / Bakelite / POM / ABS / PP / PC / PE / PEEK / Titanium etc.
	Blackening, polishing, anodizing, chrome plating, zinc plating, nickel plating, tinting
	Mitutoyo three-coordinate measuring machine / Mitutoyo tool microscope / digimatic micrometer / inside micrometer / go-no go gauge / dial gauge / electronic digital display caliper / automatic height gauge / precision level 2 detector / precision block gauge / 00 levels of marble platform / ring gauge
	The production drawings can be sent in CAD, DXF, STEP, IGES, x_t and other formats, supporting the use of CAD, Solidworks UG ProE and other softwares.
	14 national patents: The waste recovery patent The circuit welding patent The waste recovery patent The leakproof patent The power patent The fixed device patent The laser engraving patent The jig patent The top plate patent The oil water separation patent
Enterprise Certification	

#### Production Process

## PRODUCTION PROCESS

**Mould**

**Waxes  
Injection**

**Starch  
Dipping**

**Shell Drying**

**Shell Baking**

**Steel  
Melting & Pouring**

**Shell  
Vibrating**

**Sand  
Blasting**

**Ready For  
Maching**

## Product Show

## Our Advantages

1. High Precision, New Technology, Competitive Price for Casting and machining
2. Advanced casting machines available.
3. All kinds of facility, CNC machining, turning, milling, tapping, drilling, polishing, punching, etc...
4. Competitive Prices, Excellent Service, and Good Lead Time.
5. 100% full inspection before shipment.
6. Less than 3% on-time delivery rate.

#### Quality Control

CMM

Tensile Test Machine

#### FAQ

##### Q: How can I get the quotation?

A: We will submit the quotation in 24 hours if getting detailed information during working days. In order to quote for you earlier, please provide us the following information together with your inquiry. 1) 3D Step of Files and 2D Drawings 2) Material requirement 3) Surface treatment 4) Quantity (per order/per month/annual) 5) Any special demands or requirements, such as packing, labels, delivery, etc.

##### Q: How to enjoy the OEM services?

A: Generally speaking, we refer to your drawings or original samples, offer some techniques, suggestions and quotations to you. We will produce for you after you agree. We produce the drawing with your approval.

##### Q: What's kinds of information you need for quote?

A: The production drawings can be sent in CAD, DXF, STEP, IGES, x\_t and other formats, supporting the use of CAD, Solidworks UG ProE and other softwares.

##### Will my drawing be safe after you get it?

Yes. We will not release your design to the third party unless with your permission.
