

Custom Casting Parts Investment Casting Algin Powder Steel Casting

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC2352
- Certification: ISO9001,CE,SGS
- Model Number: 2352
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Item Name: Algin Powder
- Material: Steel
- Process: Precision Casting
- Application: Machinery Part
- Service: OEM ODM
- Surface Treatment: Paint/Powder Coating/Oxidation Etc

Product Description

Custom Casting Parts Investment Casting Algin Powder Steel Casting

Product Details

Product Name	Custom Casting Parts Investment Casting Algin Powder Steel Casting	
Tooling Design	We have own R&D team to make customized tooling, usually 7-15days can be ready.	
Business Type	We are a professional OEM manufacturer.	
Production Line	Lastest casting method applicated	
Machining	Cutting, punching, drilling, bending, weld, mill, CNC, etc.	
Material	Stainless Steel, Carbon Steel, Alloy Steel, QT200, 250,HT250, etc (Special alloy could be made upon your requirements.)	
Temper	T3-T8	
Standard	China GB high precision standard.	
Thickness	Based on your requirements.	
Length	Pls provide drawings, then we can develop molds. Batch production begins after you confirm the samples. High quality sand cast/ die cast/ precision cast parts are made on this way.	
MOQ	Can be discussed	
Surface Finish	Mill finish, Anodizing, Powder coating, Wood grain, Polishing, Brushing, Electrophoresis.	
Color Can be	Silver, black, white, bronze, champagne, green, gray, golden yellow, nickel, or customized.	
Film Thickness	Painting	Customized. Normal thickness: 8 um-25um.
	Powder Coating	Customized. Normal thickness: 60-120 um.
Chemical Composition & Performance	Meet and execution by the China GB high precision level.	

Production Process

PRODUCTION PROCESS

Mould

Waxes Injection

Starch Dipping

Shell Drying

Shell Baking

Steel Melting & Pouring

Shell Vibrating

Sand Blasting

Ready For Machining

Quality Control

CMM

Tensile Test Machine

FAQ

- Q: Are you manufacturer?
A: Yes, we are manufacturer.
- Q: When will you deliver the goods?

A: About 30 days after payment. It also depends on the quantity and whether you need mould making.

Q: How about quality of products?

A: We strictly control every detail of the products. Each product is inspected before leaving factory.

Q:Do you accept customized orders?

A: Yes. With design team, OEM and ODM orders are highly welcome.

Q:Which transportation do you accept?

A: DHL, FedEx, EMS etc, as for your convenience.

Q:Can you accept mould making?
