

Precision Steel Silica Sol Casting for Machinery Part

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC0933
- Certification: ISO9001,CE,SGS
- Model Number: 0933
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Material: Steel
- Application: Machinery Part
- Process: Silica Sol Casting
- Surface Treatment: Painting
- Size: Customized
- Tolerance: CT5-CT7

Product Description

Precision Steel Silica Sol Casting for Machinery Part

Product Details

Mainly Material	Stainless Steel, Carbon Steel
Manufacturing Process	Lost Wax Casting Water Glass Casting Silica sol Casting
Machining Roughness	Ra 0.8-3.2
Ra 0.8-3.2	100g-100Kg
Material Standard	GB, ASTM, AISI, DIN, BS, JIS, NF, AS, AAR.....
Surface Treatment	Zinc Plating, Polishing, Anodizing, Painting, Nickel Plating
Heat Treatment	Annealing, Normalizing, Hardening, Tempering, Case hardening....
Service	OEM Service

Production Process

The Investment Casting Process

About Us

Sunrise Foundry capable of meeting material specifications according to ASTM, SAE, AISI, ACI, DIN, EN, ISO, and GB standards. We have more than 100 different ferrous and non-ferrous alloys with which we cast parts using a complex design criteria. Our dimensionally and geometrically complex investment castings are produced to net shape, minimizing the need for secondary machining. Our top of the line equipment and automation process controls allow for consistent and repeatable tolerances as close as ± 0.1 mm. Our castings can also be produced in a wide size range. They be as small as 10 mm long x 10 mm wide x 10 mm high and weigh as little as 0.01 kg, or as much as 1000 mm in length and weigh as much as 100 kg.

FAQ

Q: How can I get the quotation?

A: We will submit the quotation in 24 hours if getting detailed information during working days. In order to quote for you earlier, please provide us the following information together with your inquiry. 1) 3D Step of Files and 2D Drawings 2) Material requirement 3) Surface treatment 4) Quantity (per order/per month/annual) 5) Any special demands or requirements, such as packing, labels, delivery, etc.

Q: How to enjoy the OEM services?

A: Generally speaking, we refer to your drawings or original samples, offer some techniques, suggestions and quotations to you. We will produce for you after you agree. We produce the drawing with your approval.

Q: What's kinds of information you need for quote?

A: The production drawings can be sent in CAD, DXF, STEP, IGES, x_t and other formats, supporting the use of CAD, Solidworks UG ProE and other softwares.

Will my drawing be safe after you get it?

Yes. We will not release your design to the third party unless with your permission.
