

Lost Wax Casting Stainless Steel Pipe Fitting Connectors

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC0873
- Certification: ISO9001,CE,SGS
- Model Number: 0873
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Item Name: Pipe Fitting Connectors
- Material: Stainless Steel
- Process: Lost Wax Casting
- Finish: Sandblasting
- Size: Customized
- Quality Control: 100% Inspection
- Tolerance: 0.02mm

Product Description

Lost Wax Casting Stainless Steel Pipe Fitting Connectors

Product Details

Process	investment casting, lost wax casting, silica sol casting, Precision casting.
Casting tolerance	CT4-CT6 (GB/T 6414)
Standard	AISI, ANSI, ASTM, JIS, GB, ISO, DIN
Certificate	TS16949,SGS, ISO, or as your requirement to do test by the third party
Machining	tapping, milling, grinding, drilling, cnc machining
Tolerance	+/-0.02mm or as drawing requirement
Surface treatment	polishing,mirror polishing, electrogalvanizing, sandblasting, shot blasting
Heat treatment	quenching and tempering, annealing, normalizing
Casting Roughness	Ra 1.6-Ra12.5

Excellent material

Select high-quality materials,
higher hardness than ordinary materials,
not easy to rust,
not cutting corners

control quality

Adopt excellent testing equipment
to carry out strict testing on products
to ensure product quality

Production Process

The lost wax method or lost wax casting method is a production process in ancient China. In modern times it is still the method used to bring out the finest details of metalwork. Such products are often difficult to manufacture due to the cumbersome design. The lost wax method enables any metal to fully and faithfully reproduce the appearance of its wax model. Therefore, this method is still widely used in sculpture, jewelry processing, dentistry and industrial restoration. The lost wax method is very demanding and expensive, but it rewards the craftsman with the beauty and originality of the finished product.

Quality Control

CMM

Tensile Test Machine

FAQ

1.Are you a manufacturer or a trading company?

We are a professional manufacturer with over 25 years' export experience for designing and producing metal castings.

2. What kind of production service do you provide?

Mold making, iron casting, lost wax casting, CNC machining.

3.What do I need for offering a quote ?

Please offer us 2D or 3D drawings (with material, dimension, tolerance, surface treatment and other technical requirement etc.),quantity, application or samples. Then we will quote the best price within 24h.

4.What materials you can do?

We make investment castings of stainless steel, carbon steel
