

## Austempered Ductile Iron Sand Casting Collars

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC9835
- Certification: ISO9001,CE,SGS
- Model Number: 9835
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

### Product Specification

- Part Name: Collars
- Material: Ductile Iron
- Process: Sand Casting
- Finish: Sandblasting
- Size: Customized
- Tolerance:  $\pm 0.01\text{mm}$
- Quality Control: 100%

## Product Description

### Austempered Ductile Iron Sand Casting Collars

#### Product Details

Material	Cast Iron and Cast Steel , ductile iron,Aluminum
Producing Process	Sand casting, investment casting, Lost wax casting,die casting, etc
Surface Treatment	Painting, polishing, powder coating, zinc plating, chrome plating,heat treatment
Design	As per the customer's design, idea & samples; As per samples, we can provide OEM and ODM request
Packing	Plywood box, iron box, stretch-wrap and pallet
Inspection	Self-inspection:GB/T 2828.1-2003/ISO 2859-1:1999 Third party inspection available upon customer's requirements
Mainly Products	Wear-resistant parts, Heat resistant parts, Structural parts, Cylinder parts, Agricultural machinery parts, Lathe body, Furnace parts, Machine parts, Pipe fittings, Pump parts, Valve parts,

#### Quality Control

We have a professional service team with over 8 years of foreign trade experience and a number of senior engineers with over 30 years of experience. They can develop process plans and design mold drawings according to customer's product requirements and uses. And we have advanced production and testing equipments, 100% testing to ensure quality of products. We attach great importance on control of production process, and have established a rigorous quality control system and a completed quality control process, and successfully passed ISO9001 quality management system certification and RoHS certificate. At the same time, we also adhere to the principle "quality is the cornerstone of the reputation", always put the quality of products in the first place, dedication to provide each customer with quality, cost-efficient, reliable products and good quality service.

#### FAQ

Question 1: Do you have ready stock or only do custom order?

**Answer:** We mainly do custom order according to customers' designs or samples, and a few existing models can be directly ordered for production.

Question 2: What kind of materials can you do?

**Answer:** We can produce stainless steel, iron, carbon steel, alloy steel, brass, cupronickel, copper and other materials needed by our customer.

Question 3: Which drawings and file formats can you accept?

**Answer:** We can accept a variety of drawing formats, but the main formats are as follow: 2D, PDF and DWG, 3D, STL, IGES, STEP, Solidworks, etc...

Question 4: What is the delivery time for new mold and its sample?

**Answer:** Our delivery time depends on casting and finishing requirements, but usually The mold and sample time is 10-15 days, and the mass production is usually 25-30 days after receiving the deposit. For urgent orders, please discuss with us!

Question 5: Is it possible to visit your factory and check your manufacturing process?

**Answer:** We sincerely welcome our customer to visit our factory. I believe you will leave a deep impression, we will discuss and learn together to make up for our shortcomings.
