

Stainless Steel Lost Wax Casting Pipe Fitting Connectors

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC4629
- Certification: ISO9001,CE,SGS
- Model Number: 4692
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Item Name: Connectors
- Material: Stainless Steel
- Application: Pipe Fitting
- Process: Precision Casting
- Tolerance: 0.02mm
- Quality Control: 100% Inspection

Product Description

Stainless Steel Lost Wax Casting Pipe Fitting Connectors

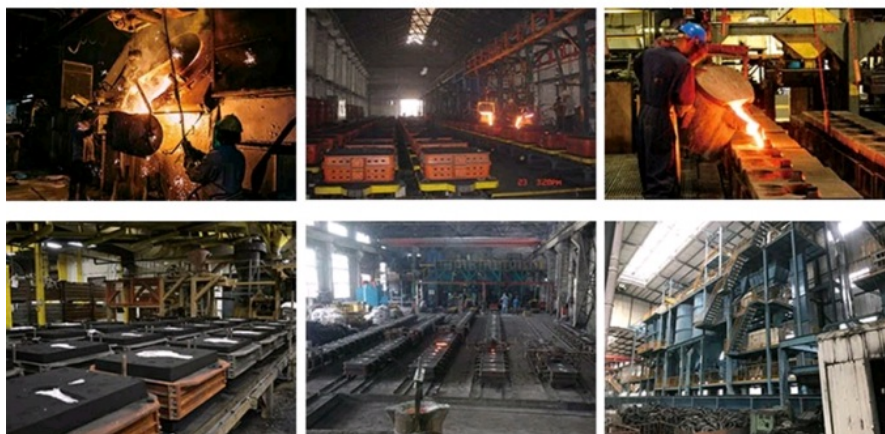

Product Details

Product	Stainless Steel Lost Wax Casting Pipe Fitting Connectors
Material	stainless steel 304, 316 17-4PH or other
Size	according to drawing
Samples	sample available
Tolerance	+/-0.01mm to +/-0.005mm
Logo	custom logo available
Surface treatment	*Polishing*Anodizing*Sand blasting
Color	silver,black,gold etc
Services	OEM & ODM
Quality System	ISO9001:2015

Production Process

Investment precision casting process refers to the process of making a model with wax, wrapping refractory materials such as multiple layers of clay and binder on the outside, heating the wax to melt and flow out, so as to obtain an empty shell formed by refractory materials. Then the metal is melted into the empty shell, and after the metal is cooled, the refractory materials are broken to get metal parts. This kind of metal processing process is called investment precision casting. Also known as investment casting or lost wax casting.

FAQ

1.Are you a manufacturer or a trading company?

We are a professional manufacturer with over 25 years' export experience for designing and producing metal castings.

2. What kind of production service do you provide?

Mold making, lost wax casting, CNC machining.

3.What do I need for offering a quote ?

Please offer us 2D or 3D drawings (with material, dimension, tolerance, surface treatment and other technical requirement etc.),quantity, application or samples. Then we will quote the best price within 24h.

4.What materials you can do?

We make investment castings of stainless steel, carbon steel, aluminum, brass or bronze.

5.What is the production cycle?

It varies a lot depending on product dimension,technical requirements and quantity. We always try to meet customers' requirement by adjusting our workshop schedule.
