

Precision Investment Casting Steering Yoke

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC9735
- Certification: ISO9001,CE,SGS
- Model Number: 9735
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Material: Steel
- Process: Precision Casting
- Item Name: Steering Yoke
- Heat Treatment: Annealing, Normalizing, Quenching, Tempering
- Color: Customized
- Size: Customized

Product Description

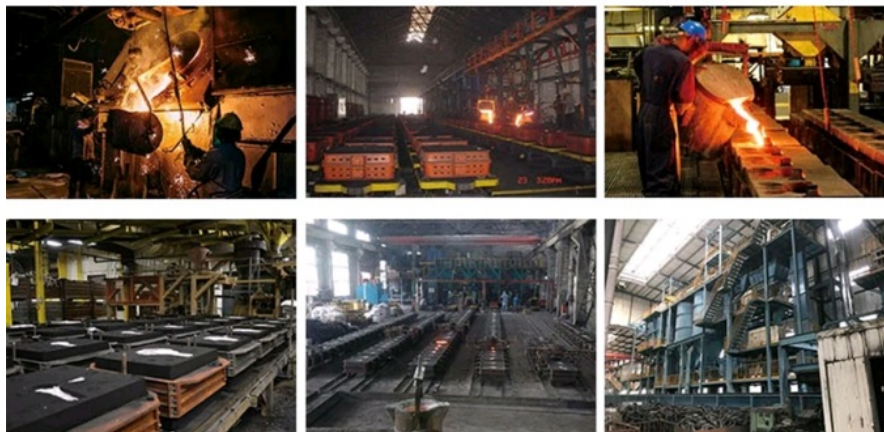

Precision Investment Casting Steering Yoke

Product Details

Material	Gray iron, ductile iron, Austempered Ductile Iron (adi) ect.
Process	shell mold casting + cnc machining
Casting dimension tolerance	CT9
Casting surface roughness	Ra 12.5 um
Casting weight range	0.1-90 kg
Casting Size	Max linear size: 600 mm, Max diameter size: 600 mm
Machining Precision	Positioning accuracy 0.008 mm, Rep. position. accuracy 0.006 mm
Machining surface roughness	Ra0.8 ~ 6.3 um
Material standard	GB, ASTM, AISI, DIN, BS, JIS, NF, AS, AAR
Surface treatment	KTL (E-coating), Zinc plating, Mirror Polishing, Sand Blasting, Acid pickling, b-lack oxide, Painting, Hot galvanizing, Powder coating, Nickel plating.
Service available	OEM & ODM
Quality control	0 defects, 100% inspection before packing
Application	Train & railway, automobile & truck, construction machinery, forklift, agricultural machinery, shipbuilding, petroleum machinery, construction, valve and pumps, electric machine, hardware, power equipment and so on.
Keywords	shell mold casting, sand casting, green sand casting, resin sand casting, iron casting, ductile iron casting, adi casting

About Us

Sunrise Foundry is leading foundries in China, we specialize in **casting of carbon steel, alloy steel, gray steel, stainless steel and ductile iron materials**. With an annual output capacity of **10000** metric tons, our products range from **100** grams to **600** kilograms in weight.

We also produce mechanical parts for worldwide purchasers and can manufacture as per customers' drawings. Until now, our products can be mainly put into the following categories: valve parts, parts for rail and subways, parts for mining machinery, automobile fittings, parts for hydraulic machinery, parts for project machinery and other parts.

Quality Control

CMM

Tensile Test Machine

FAQ

Q: Are you trading company or manufacturer ?

A: We are an iron casting and CNC machining manufacturer.

Q: What is your lead time?

3-5 weeks for making new molds (OEM products);

2-6 weeks for mass production after order confirmation.

Q: Can we get samples?

A: Yes, we could offer the sample for free charge but do not pay freight costs.

Q: Can you produce according to our own drawings?

A: Yes, OEM items are welcome.

If you have any question or any inquiry, please don't hesitate to contact us.
