

Resin Coated Sand Castings Pre-coated Resin Sand Castings

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC98R3
- Certification: ISO9001,CE,SGS
- Model Number: 98R3
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000-80,000 pcs monthly

Product Specification

- Material: Ductile Iron
- Process: Iron Casting
- Application: Machinery Part
- Service: OEM\ODM
- Finish: Sandblasting
- Inspection: 100%

Product Description

Resin Coated Sand Castings Pre-coated Resin Sand Castings

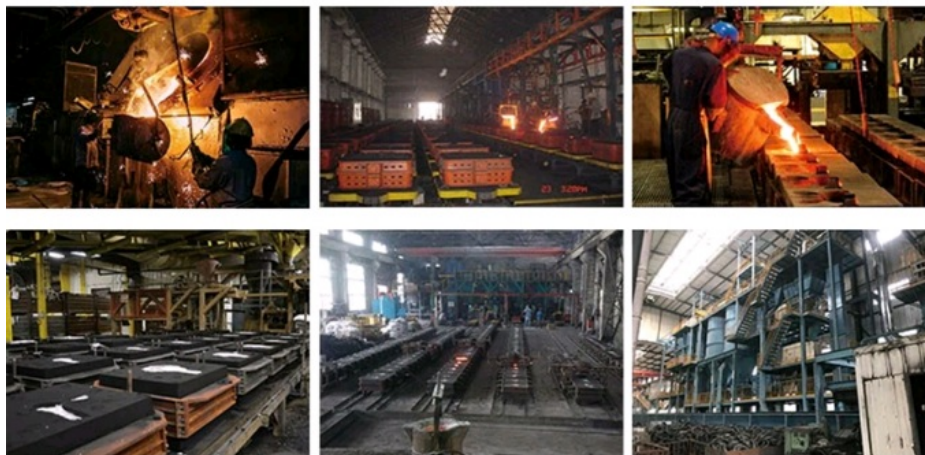

Product Details

manufacturing process	coated resin sand casting
apliation	industry, building, municipal
heat treament	T6
surface	shot-blasted, anti-rust oil, powder coat
cast tolerance	0.8-1.0mm
dimension	OEM customized
sample time	25days
mould time	20days
Application	machinery, agriculture, automobile

Production Process

Coated sand casting has low environmental pollution and low production costs. It uses automated production lines for operation, improves production power, reduces labor intensity, and shortens labor time. Modifying the appearance quality of the rough casting, reducing cutting allowance, achieving high production rate and stable quality. Trial use for small and medium-sized products weighing between 1-100kg, Due to the fast cooling speed during the casting process of coated sand molding, the graphite shape of the casting has been greatly improved, and the mechanical function of the product has been greatly improved, increasing the service life of the product. Compared to precision casting, the price is lower and the product is better.

WorkShop

Factory Introduction

Sunrise Foundry is a professional Metal Foundry, located in Ningbo. We have been producing Gray Iron, Ductile Iron Castings and any other precision castings for more than 25 years.

We are dedicated to meet different requirements of various customers across the world, products are mainly involved Agricultural and Construction Machinery, Hydraulic, Mining industry, Municipal Products, some steel and stainless steel castings for Pumps and Valves, Pipe Fittings, etc.

Please feel free to contact us if you have any requests.

FAQ

Q: What is normal process cooperation would you have?

A:1.We need the drawings for quote.

2.You accept the quotation and sign the contract, pay the mould cost, we will arrange to make samples for approval.

3.You approve the samples and pay the advance.

4.We arrange to manufacture and ship to you.

5.Pay balance.

6.Received the products and feedback.
