

Metal Foundry Precision AISI 1045 Steel Precision Casting

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: SP7632
- Certification: ISO9001,CE,SGS
- Model Number: 7632
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000-80,000 pcs monthly

Product Specification

- Material: Carbon Steel
- Application: Machinery Part
- Process: Precision Investment Casting
- Finish: Sandblasting
- Size: As Per Drawing
- Inspection: 100%

Product Description

Metal Foundry Precision AISI 1045 Steel Precision Casting

Product Details

Mainly Material	Stainless Steel,Carbon Steel, Alloy Steel etc.
Manufacturing Process	Lost Wax Casting Water Glass Casting
Casting tolerance	Lost wax casting -- CT4-CT6 (GB/T 6414) Water glass casting -- CT7-CT9 (GB/T 6414)
Machining	Ra 0.8-3.2
Casting Weight	100g-100Kg
Material Standard	GB,ASTM,AISI,DIN,BS,JIS,NF,AS,AAR.....
Surface Treatment	Zinc Plating,Polishing,Anodizing,Painting,Nickel Plating
Heat Treatment	Annealing, Normalizing, Hardening, Tempering, Case hardening....
Service	OEM Service

Production Process

About Us

Sunrise Foundry is promoted by a group of technocrats who have spent their entire professional lives in the field of setting up plants, manufacturing and marketing metal engineering components. Since last 20 years we have been doing this as a result of which, we have the most experienced team in identifying the correct method of development and manufacturing the items competitively in term of price, assuring the quality of final product and shipping them on time - every time. Because of our vast network, contacts and experience, we can undertake development of any project and successfully complete it.

Quality Control

Our company also has the most advanced and complete inspection equipment in the casting industry, including Spectrometer, Metallographic Microscope, Tension Tester, Low Temperature Tester, X-ray Tester, MPT, UT, CMM, Video Measurement Machine and so on. With these advanced facilities & instruments, we are able to supply the most precise finished products to our customers, and make products meeting their overall inspection requirements on chemical composition, mechanical properties, non-destructive testing and high precise dimensional inspections.
