

Metal Foundry Ductile Cast Iron Sand Casting Parts Mining Hillside Washer

Our Product Introduction

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC6829
- Certification: ISO9001,CE,SGS
- Model Number: 6829
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000-80,000 pcs monthly

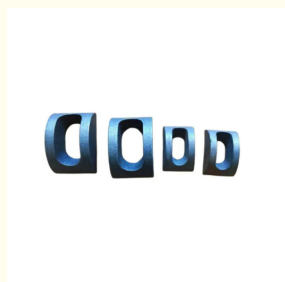

Product Specification

- Part Name: Hillside Washer
- Application: Mining Industry
- Process: Sand Casting
- Size: As Per Drawing
- Finish: Sand Blasting, Machining, Painting
- Tolerance: 0.1-0.5

Product Description

Metal Foundry Ductile Cast Iron Sand Casting Parts Mining Hillside Washer

Product Details

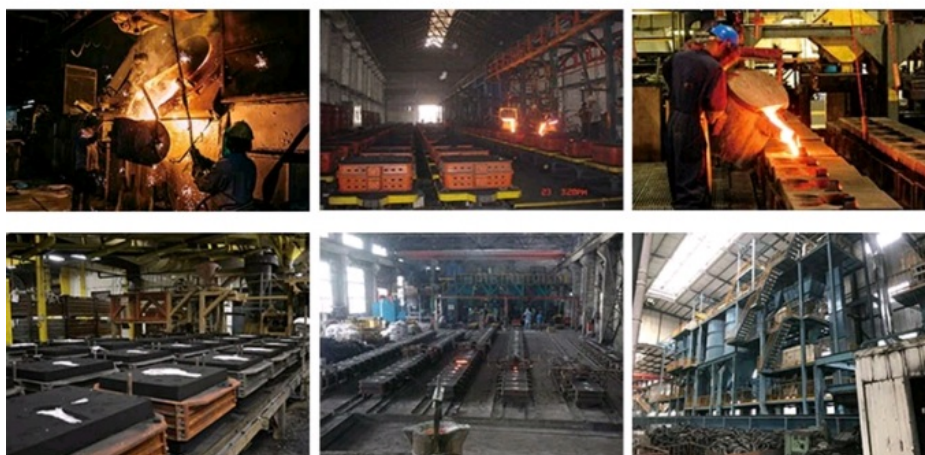

Application	Heavy truck parts/ Light Truck parts/ Valve / Pump / Agriculture Machinery / Elevator Part / Construction Tools / Printing Press Equipment / Auto Parts / Firefighting Equipment /etc
Process	Mold Macking, Casting, Machining, Surface treatment, Inspection, Packing, Loading
Materials	Aluminium, Grey cast iron, Ductile cast iron, Carbon steel, Stainless steel, etc
Casting technical	Clay dry sand casting / resin sand casting / precision casting / investment casting / lost wax casting / shell-mould / silica sol casting / water glass casting
Casting blank size	2mm-1500mm / according to customer's requirement
Casting blank weight	0.01kg-2000kg
Casting tolerance	CT5-CT8
Machining tolerance	0.01mm
Machining	Lathing / Milling / Turning / Boring / Drillig / Tapping / Grinding / etc
Surface quality	Ra0.8-Ra3.2 / according to customer requirement
Surface treatment	Shot blasting / Polishing / Painting / Powder coating / Anodizing / Zinc plating / Nickel plating / blacking / etc
Quality control	100% inspection before shipment
Design / File / formats	3D, Auto CAD (IGS,DXF,DXF,DWG,STP, STEP,STL,X-T) / Solid Works / Unigraphics / PDF /etc
Certification	ISO9001:2015, IATF16949
Package	Bubble plastic bag / polybag / pallet / wooden case etc
Sample	Available
OEM service	Available

Production Process

From simple to complex metal parts, sand casting is a versatile casting process. Due to this versatility, custom sand cast parts can be manufactured in a wide variety of shapes and sizes, most metal alloys and small to large quantities. As a custom sand-casting supplier, Sunrise Foundry provides high-quality machined castings. Our state-of-the-art foundry, machining and surface finishing equipment ensures the best quality parts. We are very reliable and offer stocking programs in our warehouse. Make Sunrise Foundry your best choice for custom sand cast parts for all commercial industries as well as all architectural applications.

We use the sand casting process to produce a wide range of parts in many different metals. We supply as-cast parts but prefer to supply machined castings, as this helps us find defects during the machining process, before shipping to you.
