

Basic Information

Place of Origin: Mainland ChinaBrand Name: NC6819

• Certification: ISO9001,CE,SGS

Model Number: 6819
Minimum Order Quantity: 100 pcs
Price: Can talk
Packaging Details: Wooden Case
Delivery Time: 30 days

• Supply Ability: 60,000-80,000 pcs monthly

T/T, L/C

Product Description

Cast Grey Iron Sand Casting Parts Pole Line Hardware Square Washer

Product Details

Investment casting (lost wax casting)	Stainless steel casting Alloy steel casting Carbon steel casting Bronze and Brass casting Aluminum casting
Sand casting	Clay wet sand type Resin sand casting Water glass sand casting
Machining	Drilling, Reaming and tapping CNC Turning machining CNC Milling machining
Heat treatment	Annealing Solution Normalizing Tempering Quenching Induction hardening Hardening and tempering
Surface treatment	Manual polishing Electro-polishing Electro-plating Power coating Tumbling

Our Workshop

About Us

Supreme Machinery is a trusted leader in the casting industry with 25 years of experience. We specialize in producing ductile iron, gray iron, and vermicular iron castings, as well as high-precision machined parts for industries such as automotive, rail transportation, industrial machinery, and renewable energy. Production Capacity Casting Capacity: With an annual production capacity of 30,000 tons of castings, we can meet both small-batch and large-scale production requirements.

Quality Control

Tensile Test Machine

FAQ

- 1.Q: What should I offer to get the price?
- A: Please provide us with your drawings (material, dimensions, surface treatment, tolerances or other technical requirements), quantities, applications or samples, and then we will provide you with a more accurate and reasonable price.
- 2.Q: What is your minimum order quantity?
- A: We accept small orders, even sample orders.
- 3.Q: Are you a factory or a trading company?
- A: We are a trading company, but with our own factory, we provide you with a one-stop service from mold design to finished parts.
- 4.Q: What is your delivery time?
- A: It depends on your casting size, technical requirements and quantity, under normal circumstances, sample within 25 working days, mass production within 60 working days.
