

## Metal Foundry Ductile Sand Casting Parts Pole Line Hardware Eye Nut

### Our Product Introduction

#### Basic Information

- Place of Origin: Mainland China
- Brand Name: NC9731
- Certification: ISO9001,CE,SGS
- Model Number: 9731
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000-80,000 pcs monthly

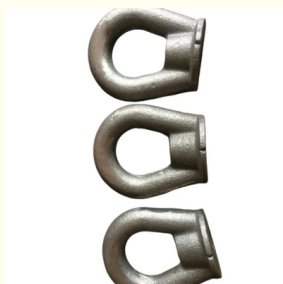

#### Product Specification

- Item Name: Eye Nut
- Material: Ductile Iron
- Application: Electric Parts
- Process: Sand Casting
- Finish: Galavised
- Size: As Per Drawing

## Product Description

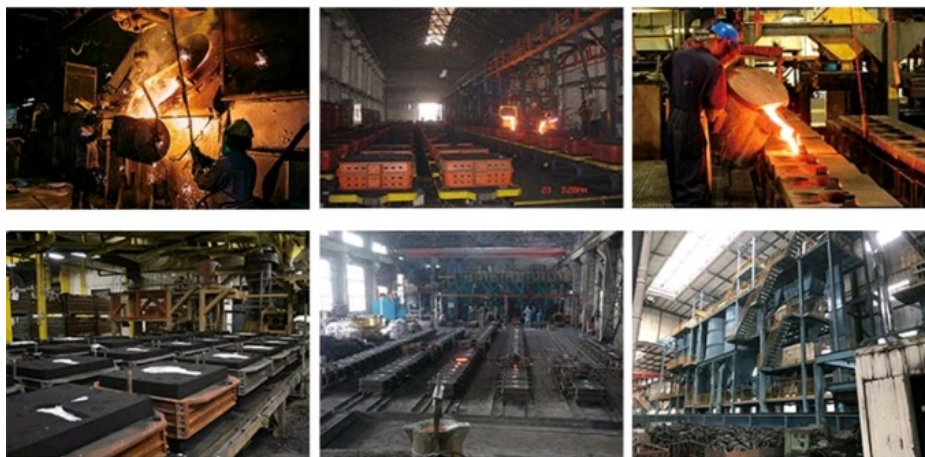

### Metal Foundry Ductile Sand Casting Parts Parts Pole Line Hardware Eye Nut

#### Product Details

Product	Iron cast parts
Material	All grades of Grey iron, Ductile iron
Machine	Electric furnace, shot blasting machine
Process	Drawings & samples→ tooling design→ tooling make→ cast → deburring → CNC machining → surface treatment→ quality inspection→ packing→ shipping
Machining	Turning, milling, reaming, boring, tapping etc
Finish	Custom make as per your requirement, such as painting, powder coating, galvanization, etc
Test equipment	CMM, optical spectrum instrument, dial caliper, altimeter, all kinds of gauge etc.
Drawing file	PDF,IGS ,DWG, DXF
Our advantage	Delivery fast! We will refund the tooling cost after your order quantity reach to a certain volume.

#### Production Process

### WorkShop

#### Our Advantages

##### High-Quality Material:

We offer various iron material options, ensuring you receive the best fit for your application.

##### In-House Machining:

Our state-of-the-art machining equipment allows us to provide precise and efficient processing, reducing lead times and enhancing quality control.

##### Comprehensive Inspection:

Our advanced inspection equipment guarantees that every casting meets stringent quality standards, ensuring durability and performance.

##### Customized Solutions:

We understand that every project is unique. Our team works closely with you to develop customized solutions that align with your specifications and requirements.

Partnering with us means you can expect not only exceptional products but also dedicated customer service and support throughout the entire process.

Let us help you achieve your project goals with our reliable and efficient ductile iron casting services. Please feel free to reach out to discuss your needs or request a quote.

#### Quality Control

CMM

Tensile Test Machine

## FAQ

### Can you make customized products?

Yes, we mainly do customized products, we develop and produce products according to the drawings or samples provided by customers.

### When will the samples or mold be completed?

Samples are usually completed in about 30 days

### What's the lead time for mass products?

30-45 days

### What is the payment term?

When quoting, we will confirm you with different prices in FOB, CIF, CNF or other methods. When mass production, we generally pay 30% as deposit balance upon B/L. Most of our payment term are T/T, of course L/C can also be accepted.

### How will the goods be delivered to the customer?

Usually we ship by sea. We are relatively close to Ningbo Port, so it is very convenient to export by sea. Of course, if the customer's goods are urgent, we can also ship by air. Ningbo Airport and Shanghai International Airport are very close to us.
