

Precision Investment Casting Car Parts Shock Absorber Parts

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC9832
- Certification: ISO9001,CE,SGS
- Model Number: 9832
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000-80,000 pcs monthly

Product Specification

- Product Name: Shock Absorber
- Material: Carbon Steel
- Process: Precision Investment Casting
- Finish: Sand Blasting, Machining, Painting
- Size: As Per Drawing
- Tolerance: 0.1-0.5

Product Description

Precision Investment Casting Car Parts Shock Absorber Parts

Product Details

Material:	304/316/2205/316L/904L stainless steel , carbon steel, alloy steel
Surface Treatment:	Anodizing, Sandblasting, Painting, Powder coating, Plating, Polishing
Dimension:	As per customer's drawing
Drawing Format:	Pro-E/UG/Solid Works
Testing Machine:	Digital Height Gauge, Caliper, Coordinate measuring, projection machine, CMM
Packing:	PP bag/EPE Foam/Carbon boxes/ plywood case
Trial sample:	10-15 days after sample confirmation.

Production Process

About Us

Sunsie Foundry with the production capacity of cast iron, cast steel, forging, stamping and machining which annual capacity over 20,000 Tons; products are widely used in trains, automobiles, pipeline valves, mining and engineering machinery industries, products sell well all over the world, mainly export to the USA, Canada, England and other European countries, and getting highly praised by users. We have a professional service team with over 8 years of foreign trade experience and a number of senior engineers with over 30 years of experience. They can develop process plans and design mold drawings according to customer's product requirements and uses. And we have advanced production and testing equipments, 100% testing to ensure quality of products.

FAQ

1. How get a quote quickly?

Please send the 2D graphic file of the product (.dwg/.dxf/.pdf, etc.), or 3D drawing (.step/.ics), and at the same time tell us the material, process requirements, and other detailed parameters of the product as much as possible, so that we can provide you with a more accurate quotation.

2. What if you don't have a drawing of your product?

Please send a message to our staff in the chat window, and tell me the material, size, parameters as detailed as possible of the product you need, or draw a simple drawing, or send photos of the product, our staff will draw the product drawings for you and confirm with you. Also you can send us samples.

3. What will we bring to you?

- * High quality product
- * Reduce your cost more
- * Stricter Product Testing
- * Get free sample
- * Faster delivery and shipping

4. What will we do to ensure the quality of your products?

- * Pre-production sample inspection before mass production;
- * Final inspection before shipment of goods;
- * Always pay attention to the quality inspection report under QC control;
- * Proportional additional quantities are produced free of charge for your replacement.
