

Grey Iron Sand Casting Automotive Gearbox Parts

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC6241
- Certification: ISO9001,CE,SGS
- Model Number: 6241
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000-80,000 pcs monthly

Product Description

Grey Iron Sand Casting Automotive Gearbox Parts

Product Details

Material	Ductile iron,Grey iron,Carbon steel,Stainless steel,Alloy steel,Heat resistant steel,BrassAluminum etc
Unit Weight	0.5kg~300kg
Application	Automotive,Mining,Railway,Medical,Marine,Construction equipments,Mining ect.
Standard	ASTM, DIN, ISO, BS, JIS.
Certificate	ISO9001, TS16949
Process	Sand casting,Forging, Investment casting,Die casting,CNC machining, Stamping
Finish	Powder coating,Painting,Shoot blasting,Hot galvanized.
Quality control	Instrument and manual inspection for every shipment

Production Process

5. Pouring

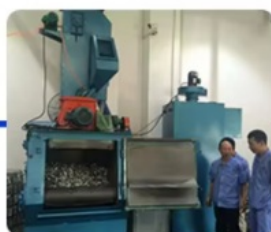

4. Modelling

3. Auto molding line

6. Grinding

7. Sand blast

8. Machining

Quality Control

CMM

Tensile Test Machine

Our Advantages

- Customized Casting Solutions: This product offers customized casting solutions according to drawings provided by customers, ensuring a precise fit for various industrial applications.
- Large Capacity and Versatility: With a ferrous casting capacity of 300 tons, this product can accommodate large-scale production requirements, making it suitable for industries with high demand.
- High-Quality Grey Iron Casting: The product features good process performance and is available in grey iron casting, ensuring high-quality results and durability.
- Convenient CNC Machining Service: The CNC machining service available with this product streamlines the production process, allowing for efficient and accurate machining.
- Competitive Pricing and Reliable Foundry Services: Available from a Chinese foundry, this product offers competitive pricing and reliable foundry services, making it an attractive option for customers seeking cost-effective solutions.

FAQ

Q1: May I request samples?

A1: Certainly. We require the submission of drawings and offer a quote for production based on the customer's specifications.

Q2: Can I apply my own logo or design to the product?

A2: Yes, we offer OEM/ODM services; your logo and design can be integrated onto the product.

Q3: Do you operate a factory?

A3: Yes, we operate a factory in Ningbo. You are welcome to visit our company and factory. We are a professional manufacturer offering OEM/ODM services to our customers.

Q4: What is the production capacity of your factory?

A4: We have a monthly production capacity of 1200 tons, offering both gray iron and ductile iron parts.

Q5: When does it ship?

A5: All our products are custom-made, determined by their specific characteristics such as structure. Conventional products require 30 days for mold making and 25 days for casting (including aging for one time).
