

Gray Iron Casting for Construction Equipment

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: Mainland China
- Brand Name: NC5731
- Certification: ISO9001,CE,SGS
- Model Number: 5731
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000-80,000 pcs monthly

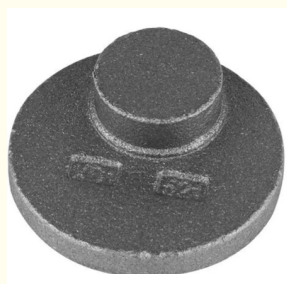

Product Specification

- Material: Grey Iron
- Application: Construction Equipment
- Process: Sand Casting
- Size: As Per Drawing
- Finish: Sand Blasting, Machining, Painting
- OEM: Available

Product Description

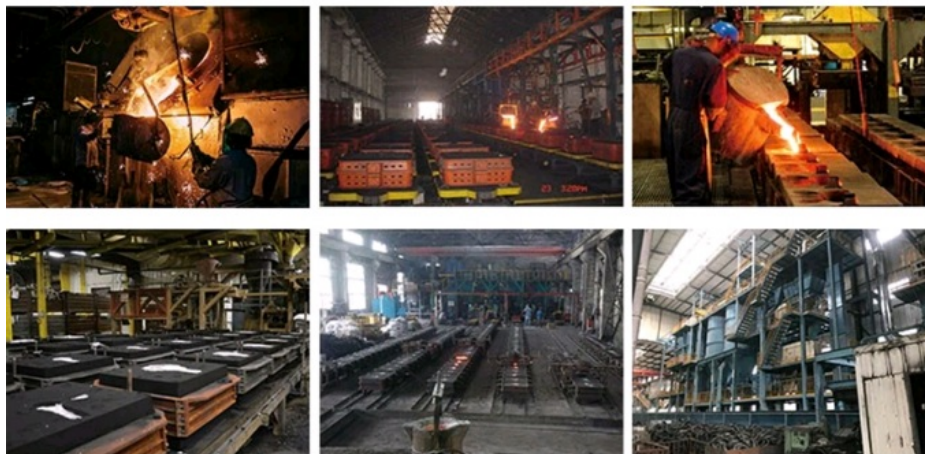

Gray Iron Casting for Construction Equipment

Product Details

Material	Gray Iron Casting/Ductile Iron Casting
Process	Resin sand casting/shell mold casting/investment + CNC machining
Casting Tolerance	CT9-10 for Machine Molding Process, CT8-9 for Shell Molding and Lost Foam Molding Casting Process CT10-11 for Manual Molding Sand casting Process
Casting surface roughness	Ra 12.5-25 um
Casting weight range	3kg to 2.5tons per piece
Casting Size	As Requirement/As drawing
Machining surface roughness	As Requirement
Material standard	GB, ASTM, AISI, DIN, BS, JIS, NF, AS, AAR
Surface treatment	KTL (E-coating), Zinc plating, Mirror Polishing, Sand Blasting, Acid pickling, black oxide, Painting, Hot galvanizing, Powder coating, and Nickel plating.
Service available	OEM & ODM
Quality control/Testing facility	Sectrometer, tensile test machine, hardness test machine, metallographic microscope. 100% inspection
Application	Train & railway, automobile& truck, construction machinery, forklift, agricultural machinery, shipbuilding, petroleum machinery, construction, valves and pumps, electric machine, hardware, power equipment, and so on.

About Us

Our company produces ductile iron and gray cast iron series products, with an annual output of 80,000 tons, products are exported to the United States, Germany, Italy, Russia, Brazil, Vietnam, the Middle East and other regions.

Our company has a modern workshop, complete casting production equipment, advanced physical and chemical analysis, testing equipment, constantly importing the world's advanced technology and a large number of professional technical personnel, expanding advanced production and testing equipment, so that make our products can meet the different requirements of customers.

We do our best to provide high-quality foundry machinery parts for the market, Serves domestic and foreign customers with the most cost-effective products, and make our contributing to China's foundry industry.

FAQ

Q1. Can I get samples?

Yes.

Q2. Can I use my own logo or design on the products?

Yes, we offer OEM/ODM service; your logo and design can be made on the products.

Q3. Do you have a factory?

Yes, we have a factory in Jiangsu. Welcome to visit our company and factory. We are a professional manufacturer and offer OEM/ODM service to our customers.

Q4. What is the production capacity of your factory?

Annual production of 30,000 tons

Q5. When will the shipment be made?

We ship within 40 days after the order is confirmed.

Q6. Sample time

Samples will be shipped within 30 days after we receive the customer's mold fee.
