

Carbon Steel Casting Parts Sand Casting for Agricultural Machinery

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: NC6831
- Certification: ISO9001,CE,SGS
- Model Number: 6831
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 50,000 pcs monthly

Product Specification

- Material: Carbon Steel
- Application: Agricultural Machinery
- Process: Investment Casting
- Size: Customized
- Tolerance: Customized
- OEM: Available

Product Description

Carbon Steel Casting Parts Sand Casting for Agricultural Machinery

Product Details

Service	OEM ODM
Material	Carbon Steel, Stainless Steel, Grey Iron, Ductile Iron
Application	Industry Machinery, Automotive, Electricity
Process	Mould, Casting, CNC Machining
Machining Process	CNC Lathe, CNC milling center
Heat treatment	Annealing, Quench and temper, ADI
Surface treatment	Powder coating, Painting, Zinc plating
Quality Control	PFMEA, PPAP, APQP, Control Plan, MSA
Machining tolerance	+/-0.005mm, ISO2768-mk
Casting tolerance	CT4-CT9
Certificate	ISO 9001
Testing facilities	Spectrometer, CMM, Callipers, micrometer, projector Load test machine, Hardness tester, roughmeter

Production Process

Quality Control

- 1) Checking the raw material after they reach our factory----- Incoming quality control (IQC)
- 2) Checking the details before the production line operated
- 3) Have full inspection and routing inspection during mass production---In process quality control(IPQC)
- 4) Checking the goods after they are finished---- Final quality control(FQC)
- 5) Checking the goods after they are finished-----Outgoing quality control(OQC)

We have the chemical elements' analysis centre and the mechanical testing centre which include the following quality control measures:

1. Spectrographic analysis, magnaflux crack detection, ultrasonic detection, dynamic fatigue testing, hardness testing, proof and ultimate breaking strength test...
2. TUV DIN EN ISO 9001: 2000 & ISO/TS16949 available.
3. The good quality control is the key to keep long term cooperation.
4. Material report, dimension report and photos will be sent to customer

FAQ

Q: How can I get the quotation?

A: Please send us the drawing, quantity, weight and material of the product.

Q:If we don't have drawing, can you make drawing for me?

A:Yes, we are able to make the drawing of your samples and duplicate the samples.

Q:What kind of file can you read?

A:PDF, IGS, DWG, STEP,etc...

Q:What is your way of packing?

A:Normally we pack goods according to customers' requirement. For reference: wrapping paper, carton box, wooden case, pallet.

Q:When can I get the samples and your main order time?

A:For samples: 30-40 days after start to make mold. For order: 35-40 days, the accurate time depends on product.

Q:What's your payment term?

A:Tooling: 100% T/T advance. Order: 50% deposit, 50% to be paid before shipment.
