

Precision Stainless Steel Metal Precision Casting Valve Parts Investment Castings

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: China
- Brand Name: NC9743
- Certification: ISO9001,CE,SGS
- Model Number: 9743
- Minimum Order Quantity: 100 pcs
- Price: 60,000 pcs monthly
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, D/A, L/C
- Supply Ability: 80,000 pcs monthly

Product Specification

- Part Name: Valve Part
- Material: Stainless Steel
- Process: Investment Casting
- Size: Customized
- Tolerance: 0.01-0.05
- Inspection: 100%

Product Description

Precision Stainless Steel Metal Precision Casting Valve Parts Investment Castings

Product Details

Casting Tolerance	CT9-11 for iron casting
Material	Stainless steel, Aluminum, iron, zinc, brass, steel
Roughness	Ra 0.8-Ra 6.3
QC Control	100% QC
Surface treatment	Sand blast, powder coating, e-coating, ENP, anodizing
Material Grade	GGG40, GGG50, GGG60 etc.
Heat treatment	normalizing, annealing, quenching, tempering
Drawing File	Step, STP, Pdf, Dwg, Dxf, etc
Machining Process	Vertical/Horizontal CNC Machining center, Milling, Boring, etc.

Production Process

About Us

The company has been supplying products in materials cast iron, steel, stainless steel, aluminum, copper etc by production methods sand casting, die casting, lost wax casting and die forging and precision machining. Assembling and surface coating service are also available.

And over the past years, the company has grown up as a whole process solution provider for any metal products in various industries. Either your drawings can be shaped into products, or even your idea can be realized into a satisfactory product starting designing to shipping.

Moreover, our engineering team is capable and more than happy to provide our proposals to you on valuable change of production method and material to best fulfill the cost reduction and function of a product.

Quality Control

Quality control systems within our plants are ISO9001 accredited to ensure a stable and reliable quality of every single part. Designing software at our engineering team like CAD, UG, Solid Works, simulation flow are available for shaping your idea and our pattern designing. Inspections of Spectrometer, Ultrasonic, Magnetic, Permeation, Elongation, Tensile/yield strength etc are being conducted in normal production processes. X-ray test can be carried at our sub-contracted partner lab. We produce, and optimize resources and save costs for customers. Let Neuland Metals be your resource for industry terms.

Tensile Test Machine

FAQ

how can we guarantee quality?

Always a pre-production sample before mass production;
Always final Inspection before shipment;

what can you buy from us?

casting

why should you buy from us not from other suppliers?

21 years experience in metal industry, Production base for casting, forging, cnc machining and stamping parts. And become supply base for many European and American customer. Senior casting and mechanical engineers can help customer to optimize drawing.

what services can we provide?

Accepted Delivery Terms: FOB,CFR,CIF,EXW,FAS,CIP,FCA,CPT,DDP,DDU,Express Delivery

Accepted Payment Currency:USD,EUR,GBP,CNY;

Accepted Payment Type: T/T,L/C,PayPal,Western Union;

Language Spoken:English,Chinese,Spanish
