

## Carbon Steel Casting Heavy Industry Mining Machinery Accessories

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: China
- Brand Name: NC3629
- Certification: ISO9001,CE,SGS
- Model Number: 3629
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

### Product Specification

- Material: Carbon Steel
- Application: Mining Machinery
- Process: Lost Wax Casting
- Size: Customized
- Tolerance: 0.01
- Inspection: 100%
- Finish: Sandblasting

## Product Description

### Carbon Steel Casting Heavy Industry Mining Machinery Accessories

#### Product Details

Product Name	Mining Machinery Accessories
OEM	Acceptable
Materials	Carbon Steel Casting, Alloy Steel Casting, High Strength Steel Casting, Wear-Resistant Steel
Maximum Weight	≤10Ton
Manufacturing Process	Water Glass Sand Casting, Resin Sand Casting
Heat Treatment	Normalizing, Quenching, Tempering, Annealing, Carburizing, Nitriding, Induction Hardening
Test Item And Method	Chemical Composition: Spectrum Analysis Hardness: HBHRCHV Metallography Detection: Microscope Internal Defects: Ultrasonic Flaw Detector Surface Defect Inspection: Magnetic Particle Detector
Application	Heavy Industry, Mining Machinery, Crusher
Package	Plywood Case
Payment Term	T/T, L/C

#### Production Process

We have water glass sand casting process and Resin sand casting process, we'll choose the most suitable process according to product requests. Meanwhile we have 20T-LF refining furnace and 5T medium frequency furnace that can produce cast steel material products with different national standards, such as: ASTM A148, ASTM A732, ASTM A958, EN 10293

Mold

Molding

Melting

Pouring

#### Quality Control

Based on your requirements, we have raw material in-coming inspection, process control and pre-shipment inspection. With advanced test equipment such as spectrometer, CMM, tensile strength tester, microstructure microscope, hardness tester and etc, SYI is able to apply sufficient chemical and physical inspection. According to your request, we are also capable to do X-Ray, Magnetic Testing, Ultrasonic Testing and Penetration Testing.

Impact Tester

Microstruture Check

Tensile Testing

Hardness Testing

## FAQ

**Q: How can i get the price?**

A: We usually quote within 24 hours after we get your inquiry(Except weekend and holidays). If you are very urgent to get the price, please email us or contact us in other ways so that we can offer you a quote.

**Q: Can I buy samples placing orders?**

A: Yes.Please feel free to contact us.

**Q: What is your lead time?**

A: It depends on the order quantity and the season you place the order.Usually we can ship within 7-15 days for small quantity,and about 30 days for large quantity.
