

## Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### **Basic Information**

- Place of Origin: China
- Brand Name: NC9743
- Certification: ISO9001,CE,SGS
- Model Number: 9743
- Minimum Order Quantity: 100
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

### **Product Specification**

- Item Name: Water Stopper Nut
- Material: Q235 Steel
- Feature: High Strength, Reusable, Easily Assembled
- Surface: Zinc Plated
- Size: 15/17
- Inspection: 100%

## Product Description

### Formwork Tie Rod Water Stopper Nut

#### Product Details

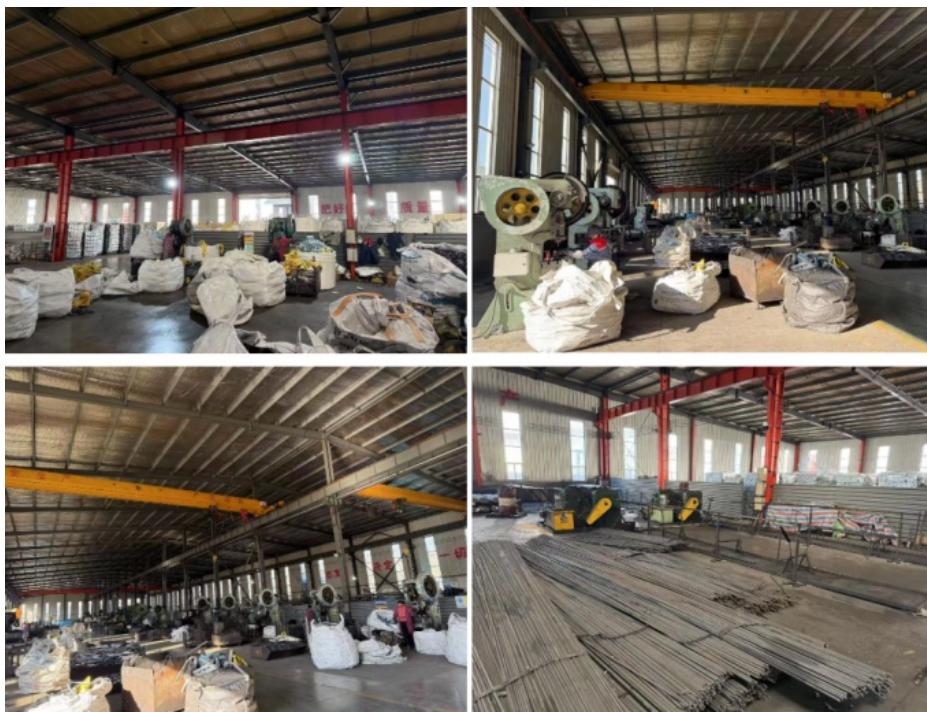

#### Product Description

Tie nut types	Formwork wing nut	Formwork anchor tie nut	Swivel formwork tie nut	Water stopper	Steel cone
Sample					
weight	0.175/0.25/0.3/0.61KG etc.	0.16/0.36/0.5/0.6/0.65/1KG etc.	1.25/1.3KG etc.	0.18/0.42/0.47/0.52/0.54kg etc.	0.33kg/0.58kg.
pull	140-150KN	170-180KN	170-180KN	150-180KN	80-90KN
Process	Casted iron				
Surface treatment	Natural,EG,HDG				
Heat treatment	depends on customers				
Match tie rod	12/17/20MM or customized				
Material	Ductile casted iron QT450-10				
Colour	self color (black), silver galvanized or colorful galvanized				

#### Application

The application of scaffolding covers multiple fields from construction to daily maintenance, from industrial production to cultural activities. Its design needs to take into account safety, flexibility and cost-effectiveness according to the scene requirements. For instance, in construction, emphasis is placed on load-bearing capacity and stability, while stage setup pays more attention to aesthetics and quick disassembly and assembly. In actual use, relevant norms must be strictly followed to ensure the safety of the operation.

#### Production Process

#### About Us

The company's main products include steel pillars, steel formwork, scaffolding, scaffolding couplings and other related series of products. The products are widely used in engineering construction such as buildings and Bridges. The company has always adhered to the concept of seeking survival through quality and development through reputation. We sincerely look forward to cooperating with customers from all over the world, achieving mutual benefit and creating brilliance together!

## FAQ

**1. Q: Are you real factory ?**

A: Yes, we are direct factory

**2. Q: How about the price?** A: Really competitive ! Our company are near the origin of steel and we have big order amount, so we get relatively cheaper price of steel raw material ; low labor cost and near Xin'gang sea port are also our advantages. and the most of all, "less profit but big turnover " is our perpetual business principle.

**3. Q: How can we ensure the quality ?**

A : 1.Only qualified raw material with certification is acceptable. 2.quality check is operated by hand. 3. free samples are always available. 4.once quality problems occur, just sent us pics for confirmation,once confirmed, money or goods will be given as compensation.
