

## Grinding Wheel Mounting Adapter for Grinding Machine

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: NC4621
- Certification: ISO9001,CE,SGS
- Model Number: 4621
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

### Product Specification

- Item Name: Mounting Adapter
- Material: Steel
- Process: Investment Casting
- Size: Customized
- Tolerance: 0.01-0.05
- Finish: Sandblasting

## Product Description

### Grinding Wheel Mounting Adapter for Grinding Machine

#### Product Details

Material: low carbon or alloy steel

Material Standard	GB, EN, DIN, ASTM, GOST, JIS, ISO
Weight	3-190 tons
Heat Treatment	N+T

#### Production Process

#### About Us

Sunrise Foundry., located in Ningbo City, Zhejiang Province, a region renowned for its advanced manufacturing industry and convenient transportation network, is a leading professional manufacturer and exporter specializing in investment casting. With 24 years of profound experience and unwavering dedication to this field, we have established a comprehensive industrial chain that integrates mold manufacturing, precision CNC machining, and multi-dimensional surface finishing treatment, enabling us to provide one-stop solutions for global customers with diverse needs.

#### Quality Control

We have strict quality control.

Every castings has a tracking paper and its ID.

If there is any defects again after inspection, the inspector will be responsible for it after tracibility.

Therefore when the inspectors work, they will try to find all the defects they can find.

### QUALITY TESTING

#### FAQ

How to get a quotation?

Provide detailed design files (PDF, STEP, IGS, DWG). Include quality, delivery, material, quantity, surface treatment info. More details ensure more accurate quotes.

Can I get a quote without design files?

Yes. Send parts or share ideas. Our engineers offer free design. Samples, pics or sketches work as references for competitive quotes.

Question

How long for samples?

Usually 7-15 days. Complexity, material availability and production schedules may vary this. We'll update you.  
Question

How do you control quality?

We have a strict system: (1) Inspect materials pre - production. (2) Check first articles before mass production. (3) Sample during production and before warehousing. (4) QC does 100% pre - shipment inspection.
