

Carbon Steel Investment Casting Truck Parts

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: China
- Brand Name: NC4632
- Certification: ISO9001,CE,SGS
- Model Number: 4632
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 80,000 pcs monthly

Product Specification

- Material: Carbon Steel
- Application: Truck Parts
- Process: Investment Casting
- Size: Customized
- Finish: Sandblasting
- OEM: Available

| Usa to | Medical equipment,electronic equipment,communication equipment,semiconductor equipment ,mechanical equipment,automation equipment,newenergy, petroleum, automobiles, aviation,motorcycles,bicycles,etc |
| MOQ | One piece,minimum order quantity,to avoid unnecessary waste of productsand money. |

Production Process

Our Advantages

Quality Assurance

Investment casting from our foundry must go through a district quality inspection process. With ISO 9001:2008 certificated and rich casting experience, we are always getting good reputation from our customers all over the world.

Shot Lead time

Maybe you ever waited months to receive your castings. At CFS foundry, we can have your investment castings delivered within 30 working days. In additions, our goal is 100% on-time delivery. We work closely with you to guarantee projects move along from design to delivery as fast as we can.

FAQ

Q: Do you support OEM service?

A: Yes we do. Q: Can I have a sample order?

A: Yes we can provide the sample.

Q:What about the delivery time?

A:Generally we need about 15 days. Don't exceed 45 days based on the design and quantity.

Q: How can we guarantee quality?

A: We can guarantee the quality by the QC workers and 100% test before the shipment.

Q: How can I get the lowest price? A: The price is based on quantity.

The more quantity you order, the lower the price you will get. We are factory ourselves. The design is highly improved and production efficiency is very high so the cost is already very low.
