

Stainless Steel Lost Wax Parts Casting Services Mechanical Vehicle Accessories

Our Product Introduction

for more products please visit us on greycastironcasting.com

Basic Information

- Place of Origin: China
- Brand Name: NC3521
- Certification: ISO9001,CE,SGS
- Model Number: 3521
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

Product Specification

- Material: Stainless Steel
- Application: Vehicle Accessories
- Process: Lost Wax Parts Casting
- Size: Customized
- Finish: Sandblasting
- OEM: Available

Product Description

Stainless Steel Lost Wax Parts Casting Services Mechanical Vehicle Accessories

Product Details

| | |
|------------------------------|--|
| Design | Various type of 2D or 3D drawings are acceptable,such as JPG,PDF,DWG,DXF,IGS,STP,X_T,SLDPRT etc. |
| Sand casting | 1.Sand casting: A356/A319/A413/ZL101/ZL102/ZL104/ZL107/LM6//LM/20/LM25/EN AC-42100/EN AC-42200/EN AC-43000/ EN AC-43200/EN AC-43300/EN AC-43400/EN AC-44200/EN AC-44300/EN AC-46000/EN AC-46200 |
| Manufacturing Service | CNC machining,milling,turning,grinding, wire EDM cutting,cnc prototype/jig/fixture,laser cutting,other metal fabrication,like Stamping,Bending,Casting.etc. |
| Inspection | Dimension inspection Chemical composition analysis (Spectrum analysis) Mechanical property testing X-Ray inspection Dye penetrant inspection Magnetic powder inspection Metallographic inspections |
| Surface Treatment | anodizing,blackening,electroplating(zinc,nickel,chrome),electrophoresis, painting,powder coating,passivate,carburize etc. |
| Inspection Equipment | Test equipment: Spectrum Analyzer, Hexagon CMM, Hardness test equipment, Tension test machine, E-coating testing equipments, Metal loscope. |
| Product application | Automobile, railway, construction, mining, agricultural machinery, mining machinery, petroleum machinery, engineering machinery, shipbuilding,etc. |

Production Process

About Us

Sunrise Foundry was founded in 1990. It is a private enterprise which specialized in providing casting and CNC machining parts etc products. Our company has a production capacity of 20,000 tons of various carbon steel, stainless steel, alloy steel, aluminum, copper, iron, titanium, magnesium, zinc etc metals casting and forging.

Main production process: Die casting, CNC machining, lost wax casting ,sand casting, mold forging etc. Moreover, we are able to provide the customers with special machining, heat treatment, plating, surface finishing including drilling, cutting, brushing, broaching, polishing, super low-temperature treatment, hardness anodizing, steel oxidizing dark-blue, electro-polishing, nickel plating etc.

Quality Control

FAQ

Q: Are you a factory or trade company?

A: We are a factory. We provide you one-stop service, from mold design to finish part.

Q: What do I need for offering a quote ?

A: Please offer us 2D or 3D drawings (with material, dimension, tolerance, surface treatment and other technical requirement etc.), quantity, application or samples. Then we will quote the best price within 24h.

Q: Do you provide samples? is it free or extra ?

A: Yes, we could offer the sample for free charge but do not pay the cost of freight.

Q: Can you make OEM order?

A: Yes, OEM/ODM orders are welcome. You are warmly welcome to send the your designs to us, We will offer you reasonable prices with high quality Please provide us the drawings or please tell us the detailed information what you need, we can copy the parts according to your information.
