

## Cast Iron Lost Foam Sand Casting Parts for Heavy Industrial Equipment

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: China
- Brand Name: NC4632
- Certification: ISO9001,CE,SGS
- Model Number: 4632
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: T/T, L/C
- Supply Ability: 60,000 pcs monthly

### Product Specification

- Material: Ductile Iron
- Application: Heavy Industrial Equipment
- Process: Sand Casting
- Finish: Sandblasting
- Tolerance: 0.01-0.05
- Inspection: 100%

## Product Description

### Cast Iron Lost Foam Sand Casting Parts for Heavy Industrial Equipment

#### Product Details

Casting Process	Clay Sand Casting, Resin Sand Casting, Precoated Sand Casting
Available Material	Carbon steel, Gray iron, Ductile iron, Alloy steel, Cast iron
Casting Weight Range	0.5kg 500kg
Dimension Tolerance	ISO 8062 CT10-CT12
Min Order Quantity	1 PC for sample, Bulk order supported
Surface Treatment	shot blasting, sand blasting, polishing, zinc plating, electroplating and powder coating.
CNC machining	turning, milling, boring, drilling and tapping
Production Batch	Small batch / Medium batch / Mass production
Application Industry	Mechanical equipment, Construction, Agriculture, Auto parts, Pump & Valve
Drawing Format	STEP, IGES, DWG, PDF, JPG
Quality Control	Dimensional inspection, Hardness test, Visual inspection, Raw material testing

#### Production Process

#### About Us

Sunrise Foundry is a professional Metal Foundry, located in Ningbo. We have been producing Gray Iron, Ductile Iron Castings and any other precision castings for more than 25 years.

We are dedicated to meet different requirements of various customers across the world, products are mainly involved Agricultural and Construction Machinery, Hydraulic, Mining industry, Municipal Products, some steel and stainless steel castings for Pumps and Valves, Pipe Fittings, etc.

Please feel free to contact us if you have any requests.

#### Quality Control

CMM

Tensile Test Machine

#### FAQ

-Q1: What sand casting processes do you provide?

A1: Clay sand casting, quartz sand casting, coated sand casting

Q2: What materials can you use for sand casting?

A2: We support various materials, including Carbon Steel, Gray Iron, Ductile Iron, Alloy Steel and Cast Iron. You can choose the appropriate material according to your product use scenario and performance requirements.

Q3: What is the dimensional tolerance of your sand castings?

A3: We strictly follow the international standard ISO 8062, with dimensional tolerance of CT10-CT12, which is the industry standard level for sand casting, suitable for most industrial application scenarios.
