

## Ductile Iron Sand Castings for Automotive Parts

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: China
- Brand Name: NC3522
- Certification: ISO9001,CE,SGS
- Model Number: 3522
- Minimum Order Quantity: 100 pcs
- Price: Can talk
- Packaging Details: Wooden Case
- Delivery Time: 30 days
- Payment Terms: L/C, T/T
- Supply Ability: 60,000 pcs monthly

### Product Specification

- Material: Ductile Iron
- Application: Auto Parts
- Size: Customized
- Tolerance: 0.01-0.05
- Finish: Sandblasting
- OEM: Available

## Product Description

### Ductile Iron Sand Castings for Automotive Parts

#### Product Detail

|                       |   |
|-----------------------|---|
| Tolerance             | ISO8062 CT6-CT8   |
| Surface Treatment     | Electroplating, Chrome plating, Zinc plating, Nickel plating, Electrophoresis, Polishing, Sandblasting, Passivation, Powder coating, Spray painting, hot dip zinc coating, Etc.   |
| Quality Assurance     | ISO9001, IATF16949  |
| Inspection            | 1. Foundry in-house: 100% inspection on critical dimension; 100% on appearance<br>2. Third Party inspection available upon requirement  |
| Main Testing Facility | Three-dimensional measuring instrument(CMM), Salt spray test box, Dynamic balance detector, Pneumatic detection, Mechanical properties test machines, Nondestructive test equipments.   |
| Features & Advantage  | 1. High strength and not easy to deform, has good electrical and thermal conductivity<br>2. High finish appearance, smooth surface roughness is Ra1.6 after machining<br>3. No granules, no spots and no surface coating peel off in appearance<br>4. Good corrosion resistance |

#### Production Process

#### About Us

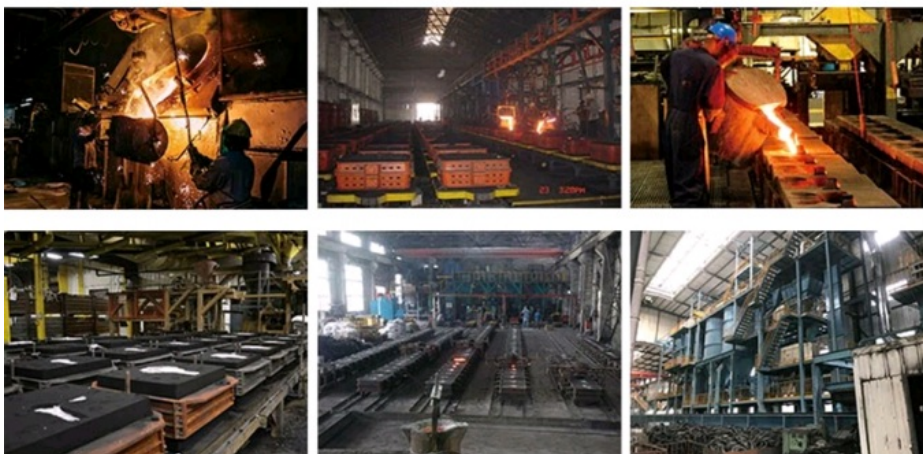

Sunrise Foundry is a professional Metal Foundry, located in Ningbo. We have been producing Gray Iron, Ductile Iron Castings and any other precision castings for more than 25 years.

We are dedicated to meet different requirements of various customers across the world, products are mainly involved Agricultural and Construction Machinery, Hydraulic, Mining industry, Municipal Products, some steel and stainless steel castings for Pumps and Valves, Pipe Fittings, etc.

Please feel free to contact us if you have any requests.

#### Quality Control

#### FAQ

**Q:What equipments do you have ?**

A:Our factory owns a full set of machining and inspecting equipments, including large CNC machining center, sodick EDM, CNC engraving machine, laser cutting machine, bending machine, laser welder, radial drilling machine, milling machine, CMM, etc.

**Q:How does your factory do regarding quality control?**

A: We test product quality from the very beginning to the very end. Our QC measure and check all the moulds and final products with CMM or other inspection tools regularly.

**Q:Can you produce according to the samples or the technical drawing?**

A: We have professional engineers who can well study samples and drawings. So we surely can produce according to your samples and technical drawings.

**Q:How to order?**

A: Step 1, please tell us what model and quantity you need;  
Step 2, then we will make a PI for you to confirm the order details;  
Step 3, when we confirmed everything, you can arrange the payment;  
Step 4, finally we deliver the goods within the stipulated time.
